MEDICAL PRACTICE ACT OF RHODE ISLAND

General Laws of Rhode Island, 1923,
Chapter 159.

Section 1. MEDICAL REGISTER; FEE: It shall be the duty of each town and city clerk to purchase a book of suitable size, to be known as the "medical register" of each city or town, and to set apart one full page for the registration of each physician; and when any physician shall die or remove from the city or town the said clerk shall make a note of the same at the bottom of the page, and shall, on the first day of January in each year transmit to the office of the State Board of Health a duly certified list of the physicians of said city or town registered under this chapter, together with such other information as is hereinafter required, and perform such other duties as are required by this chapter; and such clerk shall receive the sum of 50 cents from each physician so registered which shall be his full compensation for all the duties required under this chapter.

Sec. 2. REQUIREMENTS; REGISTRATION; FALSE AFFIDAVITS: It shall be unlawful for any person to practice medicine or surgery in any of its branches within the limits of this state who has not exhibited and registered, in the city or town clerk's office of the city or town in which he or she resides, his or her authority for so practicing medicine as herein prescribed, together with his or her age, address, place of birth and the school or system of medicine to which he or she proposes to belong; and the person so registering shall subscribe and verify by oath, before such clerk, an affidavit containing such facts, which, if wilfully false, should subject the affiant to conviction and punishment for perjury.

Sec. 3. CERTIFICATE; EXAMINATION; TO WHOM NOT APPLIED; FEE: Authority to practice medicine under this chapter shall be a certificate from the State Board of Health, and said board shall, upon application, after examination, issue a certificate signed by the president and countersigned by the secretary of said board, to any reputable physician who intends to practice medicine or surgery in this state who presents satisfactory evidence of graduation from a medical school in good standing and who shall present himself before the State Board of Health and pass in a satisfactory manner such examination as said board may require; provided, however, that the provisions of this section shall not apply to any person lawfully engaged in the practice of medicine or surgery in this state on the 22d day of May, 1908. Any physician so presenting himself for examination shall present to said board a receipt of the general treasurer that he has paid into the state treasury the sum of twenty dollars ($20), as a fee for such examination, and said fee shall in no case be returned: Provided, however, that an applicant who fails to pass an examination satisfactory to the board, and is therefore refused registration, shall be entitled, within one year after such refusal to a reexamination at a meeting of the board called for the examination of applicants, without the payment of an additional fee.

Sec. 4. ITINERANT DOCTORS: Nothing in this chapter shall be construed as to authorize any itinerant doctor to register or to practice medicine in any part of this state.

Sec. 5. REFUSAL TO GRANT CERTIFICATE; REVOCATION; PUNISHMENT: The board may, after due notice and hearing, in its discretion, refuse to grant the certificate provided for in Scetion 3 of this chapter to any physician who is not of good moral character, or who has violated any of the laws of the state, or who has been guilty of gross unprofessional conduct or conduct of a character likely to deceive or defraud the public, and may, after due notice and hearing, revoke any certificate issued or granted by it heretofore for like cause or for any fraud or deception committed in obtaining such certificate, or for any other cause which in the opinion of said board shall render the holder of such certificate an unfit person to practice medicine in this state.

The members of said board are hereby severally authorized to administer oaths, and said board, in all cases and proceedings pending before it, is hereby authorized and empowered to summon witnesses by subpoena signed by the secretary of said board, and to compel such witnesses to attend and testify in the same manner as witnesses are compelled to appear and testify in any court; and said board is authorized to compel the production of all papers, books, documents, records, certificates or other legal evidence that may be necessary or proper for the determination and decision of any question or the discharge of any duty required by law of said board, by issuing a subpoena duces tecum signed by the secretary; and every person disobeying any such writ shall be considered as in contempt, and said board may punish any contempt of its authority in like manner as contempt may be punished by any court. Any person who shall wilfully swear falsely in any proceeding, matter or hearing before said board shall be deemed guilty of the crime of perjury. Said board shall serve a copy of its decision or ruling on any person whose certificate has been refused or revoked. Any person aggrieved by any decision or ruling of said board may within ten days after receiving said notice, exclusive of Sundays and legal holidays, take an appeal therefrom to the Supreme Court, and shall fill therein his reasons of appeal, and serve a copy thereof on the secretary or person performing the duties of secretary of said board; and said Supreme Court shall, as soon as may be, hear and determine said appeal.

Sec. 6. EXEMPTION. Nothing in this chapter shall be so construed as to discriminate against any particular school or system of medicine, or to prohibit gratuitous services in case of emergency; nor shall this chapter apply to commissioned surgeons of the United States Army, Navy or Marine Hospital Services, or to legally qualified physicians of another state, called to see a particular case, in consultation with a registered physician of this state, but who do not open an office or appoint any place in this state where they may meet patients or receive calls.

MEDICAL PRACTICE ACT OF SOUTH CAROLINA

Code of Laws of South Carolina, 1922, Title VIII, Chapter XXIII, Article 2.

Section 1. No person shall practice medicine or surgery within the state unless he or she is twenty-one years of age, and either has been heretofore authorized so to do, pursuant to the laws in force at the time of his or her authorization, or is hereafter authorized to do so by subsequent subdivisions of this article.

Sec. 2. DEFINITION: Any person shall be regarded as practicing medicine, within the meaning of this Act, who shall as a business treat, operate on or prescribe for any physical ailment of another, or who shall engage in any branch or specialty of the healing art, or who shall diagnose, cure, relieve in any degree, or profess or attempt to diagnose, cure or relieve any human disease, ailment, defect, abnormality or complaint, whether of physical or mental origin, by attendance or by advice, or by prescribing or using or furnishing any drug, appliance, manipulation, adjustment, or method, or by any therapeutic agent whatsoever. But nothing in this article shall be construed to prohibit service in cases of emergency or the domestic administration of family remedies; Provided, That nothing herein contained shall apply to those who practice the religious tenets of their church without pretending a knowledge of medicine or surgery, and provided that the laws, rules and regulations relating to contagious diseases and sanitary matters are not violated; Provided, That nothing in this article shall be construed to prohibit licensed druggists from selling, using and dispensing drugs in their places of business, respectively.

Sec. 3. BOARD OF EXAMINERS: There shall be established a State Board of Medical Examiners, composed of eight reputable physicians or surgeons, one from each of the seven congressional districts, and one from the state at large, to be nominated by the State Medical Association, and appointed and commissioned by the governor. The terms of office of the members of the board shall be for a period of four years, and until their successors in office shall have been appointed and qualified. Any vacancy in said Board of Examiners by death, resignation, or otherwise, shall be filled in the same manner as above specified; Provided, That the governor shall have the right to reject any or all of the members nominated upon satisfactory showing as to the unfitness of those rejected. In case of such rejection, former members of the board shall hold over until their successors can be chosen in the manner as above provided.

The members of the board first appointed under the provisions of this section shall be divided into four classes.

The first class to consist of one member from the first and the other from the third congressional district; the second class, one member from the second and the other from the fourth congressional district; the third class, one member from the fifth and the other from the seventh congressional district; the fourth class, one member from the sixth congressional district and the other from the state at large. The first class shall hold office under said first appointment for the period of one year; the second class for the period of two years; the third class for the period of three years, and the fourth class for the period of four years. Each year the State Medical Association shall nominate two members to succeed the two members whose terms expire; Provided further, That the first nomination herein provided for shall be held at the next annual meeting of said State Medical Association, and the members of the State Board of Examiners, as constituted under law existing at the time of the passage of this article, shall continue as the State Board of Examiners hereunder until appointment and qualification of members of said board as hereinabove provided.

Sec. 4. MEETINGS: The State Board of Medical Examiners shall meet regularly at Columbia, S. C., on the fourth Tuesday in June of each year, and continue in session until all applicants are duly examined. Should the board deem it expedient, its regular meeting may be held at a later date than the fourth Tuesday in June, but in such event notice of the date of meeting must be published ten days prior to the date of the meeting. At their first meeting they shall organize by the election of a president, and a secretary, who shall also be treasurer, and said board shall have power to call extra meetings when necessary for the examination of applicants and for the transaction of such business as may properly come before it and to make all necessary by-laws and rules for their government. A majority of said board shall constitute a quorum for the transaction of business.

Sec. 5. REGISTRATION; FEES: TEMPORARY LICENSES: It shall be the duty of said board, when organized, to examine all candidates for examination, as hereinafter provided and described, and to pass upon their qualifications and fitness to practice medicine in this state, and to give to each successful applicant a certificate to that effect, provided, that each applicant before being allowed to take said examination shall pay to the treasurer of said board a fee of twenty-five dollars ($25), one-half of which shall be returned if the applicant fails to secure a certificate of qualification. Such certificate of qualification shall entitle the holder thereof to be registered as a lawful practicing physician by the clerk of court of the county in which he or she, or they, may reside, upon payment to said clerk of court of a fee of 25 cents for each registration. No phpysician will be considered as a legally qualified practitioner, or as having fully complied with the law, until he shall have obtained said registry. In the interim, between the meetings of the board, the president and secretary of the board shall be allowed to grant temporary license to practice medicine until the next regular meeting of the board, to each person as would under this section be eligible for examination. Said temporary license shall not entitle the holder to registry with the clerk of court of the county in which he resides, but at the next regular meeting of the board the applicant must appear for the regular examination for permanent license and surrender said temporary license for cancellation.

Sec. 6. REVOCATION OF LICENSES: The said Board of Medical Examiners is hereby authorized and empowered to suspend or revoke, subject on appeal to revision by the circuit courts of the state, by a majority vote of its total membership, the license of any practitioners qualified under any provision of this Act, and whether qualified prior or subsequent to the passage of this Act, after due notice and fair opportunity for hearing, upon its being made satisfactory to appear that the holder thereof is guilty of felony or gross immorality, or is addicted to the liquor or drug habit to such a degree as to render him or her unworthy or unfit to practice medicine in this state, or has been convicted in a court of competent jurisdiction of illegal practice. And the said board is further authorized and empowered to administer oaths in the taking of testimony upon any and all matters pertaining to the business or duties of the board; Provided, That pending an appeal under this section the doctor under charges shall practice his or her profession until the decision of the tribunal appealed to.

Sec. 7. In case of failure at any examination, the applicant shall have the privilege of a second examination with the payment of the regular fee. In case of failure in a second examination, the applicant, to be eligible, in addition to the requirements for previous examinations, must have pursued his studies for such time as the board may approve and furnish satisfactory evidence thereof.

Sec. 9. Said books and register shall be prima facie evidence of all matters therein recorded.

Sec. 12. BOARD EXPENSES: Each member of said examining board shall receive for his services traveling expenses at the rate of five cents per mile and five dollars ($5) per day for each day engaged, said compensation to be paid from the state treasury, upon the certificate of the president of the board, countersigned by the secretary. Britesun Leads The Way

in Therapeutic Lamp Efficiency

Britesun Duo-Arc Automatic

Britesun Major Radiant Therapy

THE Britesun organization realizes that it has a greater responsibility to the medical profession than merely keeping abreast of the times in the manufacture of Carbon Arc and Infra Red lamps. Consequently we are constantly striving to supply hospitals and physicians with lamps which are not alone the best in the field but also consistently better than the models we have made in the past.

Thus our lamps today are far ahead of those we were making several years ago. One of our latest exclusive developments, for example, is the Duo-Arc Automatic lamp. It is a combination Single Arc and Twin Arc lamp controlled by a four-way switch. By simply snapping the switch to the proper position you can use each set independently or both sets together.

Our basic product, Ultra Violet, attained through the use of the Carbon Arc Lamp has rightly earned its designation as "the nearest approach to natural sunlight." Thus our task is to consistently lead the way in perfecting the operating medium —the Carbon Arc Lamp.

That we are succeeding in this is proved by our steadily growing clientele of hospitals, physicians and specialists. But constant, unremitting endeavor is the price of progress. It will always be our policy to concentrate all our facilities upon producing the best possible therapeutic lamps from the standpoint of efficiency, safety, ease of operation, beauty, and economy.

The compensation of each member of the board shall be fixed by its resolution or by-law. (ib.)

Sec. 3609a5. NO APPLICATION TO PRACTITIONERS DURING THE PREVIOUS YEAR, NOR TO CHRISTIAN SCIENCE: The provisions of this chapter shall not be construed or held to apply to any person who was practicing at the time of the passage thereof, or who had practiced at any time during the year just preceding the passage thereof, medicine, surgery, osteopathy, or any other form of the healing art in the State of Tennessee, provided, further, that this chapter shall not apply to Christian Science or to Christian Science practitioners. (ib.)

Sec. 3609a6. EDUCATIONAL CREDENTIALS AND DIPLOMAS FROM HIGH SCHOOL AND MEDICAL SCHOOL TO BE PRESENTED TO THE BOARD: Before any person shall hereafter practice medicine, surgery, osteopathy, or any other form of the healing art, in the State of Tennessee, or shall treat for compensation by any means whatsoever any disease of the body or mind, or any ailment, injury, or malformation of the human body, he or she shall first present himself or herself to the State Board of Preliminary Examination, or shall transmit to said board his or her general educational credentials; provided, however, that any person shall be entitled, prior to entering a medical school, or during his or her attendance therein, to register with the State Board of Preliminary Examinations the high school diploma or its equivalent as is by this chapter provided, and shall satisfy such board that he or she is a person of good moral character, has received a diploma or its equivalent from some reputable and recognized high school, and that he or she has received a *certificate* from some reputable and recognized school of medicine, surgery, osteopathy, or other school teaching any form of the healing art, in which is given a course of at least *sixteen months extending over a period of two years,* and which course shall embrace the study of anatomy, physiology, pathology, surgery, gynecology, obstetrics, chemistry, bacteriology, symptomatology, diagnosis, hygiene, and sanitation; provided, however, that after the year 1919, all applicants of the regular school of medicine shall have a *certificate* from a medical school whose curriculum is as high as that of the medical department of the University of Tennessee, as published at present in its catalogue. (1915, ch. 44, sec. 2.)

Sec. 3609a7. NO APPLICATION TO GRADUATES WITH FIVE YEARS' EXPERIENCE IN OTHER STATES: The provisions of this chapter requiring a preliminary examination shall not extend to or embrace any persons who desire to practice medicine, surgery, osteopathy, or any other form of the healing art in Tennessee, who are graduates of reputable professional schools and who have had at least five years' professional experience in other states of the United States. (ib.)

Sec. 3609a8. CERTIFICATE OF QUALIFICATION TO STAND PROFESSIONAL EXAMINATION: The State Board of Preliminary Examination, if satisfied that the applicants possess the qualifications as prescribed by this chapter, shall issue to such applicants a certificate, signed by the chairman and countersigned by the secretary of the board and under the official seal of the board, which certificate shall state that the person to whom it is issued is qualified to stand the professional examination that is now, or may be hereafter, required by law before the State Board of Medical Examiners, or the State Osteopathic Examining Board. (ib.)

Sec. 3609a9. CERTIFICATE OF QUALIFICATION IS PREREQUISITE TO PROFESSIONAL EXAMINATION WHICH IS NOT DISPENSED WITH: Nothing in this chapter contained shall be construed as abolishing or interfering with the professional examination that is now, or may be hereafter, required by law, as it is the intention of this chapter only to test and certify the qualifications of applicants before they can legally take the professional examination required by law. (ib.)

Sec. 3609a10. EXAMINATION AS TO GENERAL EDUCATIONAL QUALIFICATIONS: If for any reason, the State Board of Preliminary

---

*NOTE: The Board of Preliminary Examiners was abolished by Chapter 7, Acts of 1923, and the duty of recommending standards of preliminary education, etc., was transferred to the Department of Education. The legislature, however, apparently did not intend to repeal the entire Preliminary Education Act, for that Act was specifically amended by Chapter 44, Acts of 1925. Moreover, certain of its provisions were by reference incorporated in Chapter 115, Acts of 1925, where chiropractors were required to obtain preliminary certificates "in the same manner as provided by Chapter 44, Acts of 1915." The portions of the Preliminary Education Act appearing in italics are those amended by Chapter 44, Acts of 1925. (See amending act which follows.)

Examination is not satisfied that any applicant possesses the qualifications required by this chapter, it may cause such applicant to be examined as to his or her general educational qualifications by a committee to be appointed by the State Board of Preliminary Examination, and this examination may be held, even though such applicant possesses the diploma or equivalent thereof, as is by this chapter provided. (ib.)

Sec. 3609a11. PRELIMINARY CERTIFICATE IS PREREQUISITE TO PROFESSIONAL EXAMINATION; VIOLATION IS A MISDEMEANOR; PROFESSIONAL EXAMINATION IS NULL AND VOID, WHEN: No professional examination shall be given by the State Board of Medical Examiners or by the State Osteopathic Examining Board, or by any other Medical or Surgical Examining Board, unless the applicant shall have first presented to such board the certificate of the State Board of Preliminary Examination as prescribed by Sections 3609a6 to 3609a10, and any applicant who shall undertake to stand such examination before the above named boards, without having this certificate so issued to him or her prior to such examination, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than fifty dollars ($50.00), nor more than five hundred dollars ($500.00) for such offense, and the license of the above named boards for professional examination shall [be] null and void, if issued to any person who has not before taking such examination submitted himself, or herself to the State Board of Preliminary Examination and received the certificate of such board as is by this chapter provided. (1915, ch. 44, sec. 3.)

Sec. 3609a12. ATTEMPT TO OBTAIN CERTIFICATE BY UNLAWFUL OR IMPROPER PRACTICE POSTPONES CERTIFICATE FOR FIVE YEARS: Any person who desires hereafter to practice medicine, surgery, osteopathy, or any other form of the healing art in Tennessee, and who shall attempt to obtain the required certificate of the State Board of Preliminary Examination by fraud, artifice, or any other unlawful or improper practice, shall not be given a certificate by such board until the lapse of five years from the date of such attempted unlawful and improper practice. (1915, ch. 44, sec. 4.)

Acts of 1925, Chapter 44

Section 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE, That an Act entitled, "A bill to be entitled: An Act to provide for the preliminary examination of all persons who may hereafter desire to practice medicine, surgery, osteopathy, or any other form of the healing Art, in the State of Tennessee, to create a State Board of Preliminary Examination, and to define its powers and duties, to provide compensation for the members thereof and to prescribe penalties for all violations of this Act," being Chapter 44 of the Public Acts of Tennessee for 1915, approved by the Governor April 1, 1915, be amended as follows:

First: By striking out in the 19th line of Section 2 as the same appears on page 124 of the official printed Acts for said year the word "diploma" and inserting in lieu thereof the word "certificate."

Second: By striking out of line 23 and 24 of said Section 2 as the same appears on page 125 of said printed Acts (being the second and third lines from the top of said page 125) the words "thirty-two (32) months, extending over a period of four years," and inserting in lieu thereof the words "sixteen (16) months extending over a period of two years."

Third: By striking out of the 30th line of said Section 2 as the same appears on page 125 of said printed Acts, and being the 9th line from the top of said page 125 the word "diploma," and inserting in lieu thereof the word "certificate."

Provided, that nothing in this amendment shall be construed as in any way changing the provision of said Act as far as said Act requires a given course of thirty-two (32) months extending over a period of four years before a "diploma" may be issued.

MEDICAL PRACTICE ACT OF TENNESSEE

Annotated Code of Tennessee, 1917, Title 15; Supplement of 1926, Page 977

Section 3609a13. LICENSE REQUIRED; TO WHOM NOT APPLIED: No person shall practice medicine in any of its departments within this state unless and until such person shall have obtained a certificate of license from the State Board of Medical Examiners hereinafter created, and shall have recorded it in the county court clerk's office in the county or counties in which he proposes to practice; provided, however, that the provisions of the law in this chapter shall not apply to any person or persons who at the time of its passage are duly and regularly licensed by law to practice medicine in any of its branches in this state; and provided further, that the provisions of this chapter shall not apply to any graduate of a reputable medical college, who has been a practitioner of medicine or surgery for more than ten years in the state of Tennessee, at the date of its passage.

Sec. 3609a14. STATE BOARD OF EXAMINERS: There shall be a board, to be known as the State Board of Medical Examiners, and to consist of six graduated physicians of not less than six years' experience each in the practice of medicine or surgery, one or both, two of whom shall reside in each grand division of the state, and whose duty it shall be to examine into the qualifications of all applicants for certificates of license to practice medicine or surgery in this state; provided, however, that the three schools of medicine shall be represented on said board of examiners as follows: Four representatives from the regular school of medicine, one from the eclectic, one from the homeopathic school of medicine; and, provided also, that no member of said board shall be connected with any medical college of the state or State Board of Health.

Sec. 3609a15. APPOINTMENT; TERM: The members of said board shall be appointed by the governor, and shall hold office for a term of four years; but all vacancies occurring in the board by reason of death or resignation shall be filled by the board itself for the unexpired term; provided, however, that the first board shall be appointed upon the expiration of the term of the present board, shall be appointed as the term of the present members of the board expires, and shall within thirty days from said appointment meet and organize, and shall serve one from each grand division of the state for two years, and one from each grand division for four years, deciding by lot or agreement among themselves as to their respective terms of office.

Sec. 3609a16. ORGANIZATION: The state board is authorized to elect from its own members a president and secretary, and to create such other offices and to adopt such by-laws as may be necessary and proper for the efficient operations of the board. Three members shall constitute a quorum, and a majority of those present shall be necessary to reject any application; but such rejection shall not bar the applicant from a reexamination after the lapse of six months.

Sec. 3609a17. MEETINGS: A regular meeting of the board shall be held once each year in the city of Nashville, Tenn., so long as the period of temporary licenses hereinafter provided for shall continue, and shall thereafter be held semi-annually in the said city of Nashville; but special meetings may be held oftener upon the call of the president.

Sec. 3609a18. EXAMINATION; SUBJECTS: Persons desiring to obtain a certificate of license to practice medicine or surgery in this state shall make application therefor in writing to said State Board of Medical Examiners, which application shall be accompanied by the examination fees hereinafter prescribed, and by satisfactory proof that the applicant is of good moral character. When these preliminary requirements are satisfied, the applicant shall then present himself before the board for examination upon the following branches, viz.: Anatomy, physiology, chemistry, pathology, surgery, obstetrics, materia medica, and practice; but the member or members of the board representing each separate school of medicine shall have the right to examine all applicants of that school in the branches peculiar to the teachings of that school, and the board shall accept the grade placed by such member or members upon such special branches.

Sec. 3609a19. RECIPROCITY: The State Board of Medical Examiners of Tennessee is hereby permitted to accept certificates of license from other states requiring the same or higher standards of medical examinations in lieu of an examination, but of this matter of reciprocity of licensure this board shall be the sole judge. The same fees shall be required for verifying certificates of license from other states and issuing license to parties as are demanded for examining and licensing other applicants for certificates of permanent license.

Sec. 3609a20. SPECIAL EXAMINATIONS: The two members of said board in each grand division of the state shall, at such time or times as the board may direct, meet at some convenient point in their respective divisions for the purpose of examining applicants for permanent licenses. Such meetings shall be held at stated periods, and the questions to be propounded upon such examinations shall have been determined upon in advance by the board, and shall be identical in each division; and such examination shall be held on the same day in each division, and under uniform rules and regulations, to be adopted by the board. The examination papers shall be sealed up and carried to Nashville to the annual meeting of the board, at which time they shall be examined, graded and passed upon by the board in annual session, and the results declared and certificates issued to those entitled to receive them. The board, or any of its respective sections, may, at the option of the members, supplement such written examination by an oral examination, and the recorded value of such oral examination may be given such importance as each member of the board sees fit.

Sec. 3609a21. PERMANENT LICENSE: If the applicant for examination shall thereupon be found worthy and competent by the board, it shall issue to him a certificate of permanent license, in accordance with the facts in each case, to practice medicine or surgery in this state.

Sec. 3609a22. TEMPORARY LICENSE: In order to prevent delay and inconvenience, the two members of the board of any grand division of the state may grant a certificate of temporary license to any applicant who is permanently located as a resident of some designated place in that division of the state, upon satisfactory evidence to them that such applicant possesses the qualifications hereinabove required, and upon examination by them of such applicant in the subjects named in Section 3609a18, and make report thereof to the next regular meeting of the board. Such temporary license shall not continue in force longer than until the conclusion of the next regular meeting of the board, and shall in no case be granted within six months after the applicant has been refused a certificate of license by the board; provided, that after Jan. 1, 1903, no certificates of temporary license shall issue.

Sec. 3609a23. RECORD OF BOARD: The Board of Examiners shall keep a record of their proceedings in a book for that purpose, which book shall be open for inspection, and shall record the name of each applicant, the time of granting a certificate of license, the names of the members of the board present; and where a certificate of license is denied by the board to any applicant under authority of this chapter, the fact and the ground of such denial shall be entered on the minutes of the board, and shall be communicated in writing to such applicant.

Sec. 3609a24. FEES: The board is empowered to demand a fee of ten dollars ($10) for an examination for a certificate of permanent license, and five dollars ($5) for an examination for a certificate of temporary license, and to demand for the issuance of a certificate of permanent license five dollars ($5), and for the issuance of a certificate of temporary license one dollar ($1). (But see Section 32, Chapter 15, Acts of 1925.)

Sec. 3609a25. CERTIFICATE TO BE RECORDED; REMOVAL: Any person thus receiving a certificate of license, whether permanent or temporary, from the State Board of Medical Examiners shall forthwith have it recorded in the office of the county clerk of the county in which he proposes to practice, and the date of such recording shall be endorsed thereon; and such license, when so recorded, shall not be collaterally questioned in any legal proceeding. Until the license is recorded the holder shall not exercise any of the rights or privileges therein conferred, and in case said license is not recorded within three months from the date of its issuance, it shall become invalid. The clerk shall be paid a fee of 50 cents for recording such certificate.

Sec. 3609a26. REMOVAL OF RESIDENCE; PRACTICING IN OTHER COUNTIES: Any registered physician removing his residence from one county in this state to another, in order to practice medicine, shall in like manner record the certificate of license in the county to which he removes, and the holder of the certificate shall pay to the county court clerk the usual fee for so doing. Practitioners who have registered in the county in which they reside may go from one county to another on professional business without being required to register.

Sec. 3609a27. COUNTY CLERK'S LIST; REPORT TO BOARD: The county clerk of each county shall keep, in a book to be provided for that purpose, a complete list of the certificates of license recorded by him, together with the date of each, and the date of recording. He shall, further, record the name of the medical college which conferred the diploma on which the certificate is based and the date when conferred; and the clerk shall hereafter, beginning with the first Monday in July, 1901, and regularly at the expiration of every six months thereafter, report to the secretary of the said Board of Medical Examiners a list of such registrations in his office, together with a list of the deaths and removals from his county of physicians who have thus registered, for which service the clerk shall be paid, out of the funds of the board, 10 cents for each name so reported. This register of the county court clerk shall be open for inspection during business hours.

Sec. 3609a28. COMPENSATION OF BOARD; EXPENSES: (See Chapter 115, Acts of 1925, Section 32.)

Sec. 3609a29. REVOCATION: The board shall have the right and power to revoke any license upon the ground that it was procured by fraud, or that the licensee has been guilty of unprofessional or dishonorable conduct.

Sec. 3609a30. UNPROFESSIONAL CONDUCT DEFINED: The words, unprofessional or dishonorable conduct, as used in the preceding section are hereby declared to mean:

First: By procuring or aiding or abetting in procuring a criminal abortion.

Second: Obtaining of any fees on the assurance that a manifestly incurable disease can be permanently cured.

Third: The wilfully betraying of a professional secret.

Fourth: All advertising or [of] medical business in which untruth [untruthful] and improvable [improbable] statements are made.

Sixth: Conviction of any offense involving moral turpitude.

Seventh: Habitual intemperance or excessive use of narcotics.

Eighth: The practice of making or signing in his professional capacity of any certificate that is known to be false by the licensed physician at the time he makes or signs such certificate.

Ninth: The dispensing, prescribing or distribution of any opium, cocoa [coca] leaves, or any compound, manufacture, salt derivative or preparation thereof, not in the course of his professional practice only, or not in good faith to relieve pain and suffering, or to cure an ailment, physical infirmity or disease.

Tenth: To dispense, prescribe or distribute to any patient opium, cocoa [coca] leaves or any compound, manufacture, salt derivative or preparation thereof, if such patient is addicted to the habit of using said drugs without making a bona fide effort to cure such habit of such patient.

Eleventh: To dispense, prescribe or distribute any opium, cocoa [coca] leaves or any compound, manufacture, salt derivative or preparation thereof to any person in violation of any law of the state of Tennessee of [or] the United States of America.

Sec. 3609a30b1. PENALTY: After the board shall have revoked the license of any person for any of the foregoing grounds, such person shall not thereafter practice medicine or surgery in the state, and for each and every instance of such practice shall be guilty of a misdemeanor, and on conviction thereof, be fined in the sum of not less than $100 and not more than $500.

Sec. 3609a31. ITINERANT PHYSICIAN; PENALTY: It shall be unlawful for any itinerant physician or vendor of any drug, nostrum, ointment, or application of any kind, intended for the treatment of disease or injury, to sell or [and] apply the same; or for such itinerant physician or vendor, by writing, printing, or other methods, to profess to cure or treat diseases or deformity by any drug, nostrum, manipulation, or other expedient in this state, and whoever shall violate the provisions of this section shall be guilty of a misdemeanor, and, upon conviction thereof before a court of competent jurisdiction, shall be fined in any sum not less than one hundred dollars ($100) and not exceeding four hundred dollars ($400).

Sec. 3609a32. FALSE DIPLOMA OR FORGED AFFIDAVITS; PUNISHMENT: Any person who shall not at the time of the passage of this law be duly and regularly licensed by law to practice medicine or surgery in this state, and who shall notwithstanding, practice medicine or surgery in this state, without having first complied with the provisions of this chapter, shall, for each and every instance of such practice, be guilty of a misdemeanor, and on conviction thereof, be fined in the sum of not less than ten dollars ($10) nor more than twenty-five dollars ($25); and any person filing or attempting to file, as his own, a diploma or license of another, or a forged affidavit of identification, shall be guilty of a felony, and upon conviction thereof, shall be subject to the punishment prescribed by law for the crime of forgery. All fines for offenses under this chapter shall be paid over to the Board of Medical Examiners, to constitute a part of the funds of said board.

Sec. 3609a33. PRACTICE OF MEDICINE DEFINED: Any person shall be regarded as practicing medicine within the meaning of this chapter, who shall treat or profess to treat, operate on, or prescribe for any physical ailment or any physical injury to or deformity of another; Provided, that nothing in this section shall be construed to apply to the administration of domestic or family remedies in cases of emergency, or to the laws regulating the practice of dentistry; and this chapter shall not apply to surgeons of the United States Army, Navy or Marine Hospital Service, or to any registered physician or surgeon of another state when called in consultation by a registered physician of this state, or to midwives, or to veterinary surgeons, or to osteopaths not giving or using medicine in their practice, or to opticians, or to Christian Scientists.

Sec. 3609a34. COMPENSATION OF BOARD: It shall not be lawful for the Board of Medical Examiners, or any member thereof, in any manner whatever, or for any purpose to charge or obligate the state for the payment of any money; and said board shall look alone to the revenue derived from the operation of this chapter for the compensation designated in Section 3609a28, and, if said revenue is not sufficient to pay each member in full, together with the necessary expenses of the board, then the amount available shall be pro rated among the members. But, if there should be a greater revenue derived than shall be required to pay the compensation and expenses hereinbefore directed, any surplus remaining therefrom shall be paid to the comptroller of the state, who shall receipt the board for the amount so received and shall account for said money as for other state revenue.

Sec. 3609a35. REPORTS OF VIOLATIONS: The grand jury of each county in this state is hereby given inquisitorial power over all offenses against or violations of this chapter, and the circuit and criminal judges shall give the same in their charges to the grand juries. And the board shall designate one of its members in each grand division of the state, whose duty it shall be to report any violations of this chapter to the proper authorities.

Sec. 3609a36. DISQUALIFICATION OF BOARD: It shall be a misdemeanor, and shall disqualify from office, for Board of Medical Examiners to issue a certificate of license to any person only as prescribed or set forth in this chapter; provided, however, [if] the board shall be disqualified from office, the governor shall appoint a new board in full as provided in this chapter.

. . . .

Sec. 6881a2. MEDICAL PRACTICE ACT OF TEXAS

Revised Civil Statutes of Texas, 1925,
Title 71, Chapter 6.

Art. 4495. MEDICAL BOARD: The Board of Medical Examiners for the State of Texas shall consist of eleven men learned in medicine, legal and active practitioners in this State, who shall have resided and practiced medicine in this State under a diploma from a legal and reputable college of medicine of the school to which said practitioner shall belong for more than three years prior to their appointment. No school shall have a majority representation on said board. Said Board shall be appointed biennially by the Governor within ninety days after his inauguration, and the term of office of its members shall be two years. No member of said board shall be a stockholder or a member of the faculty or a board of trustees of any medical school. The word "medicine" as used in this article shall have the same meaning and scope as given to it in the article defining it.

Art. 4496. ORGANIZATION AND MEETINGS: Each member of said board shall qualify by taking the official oath in the county of his residence. At the first meeting of said board after each biennial appointment, the board shall elect a president, vice-president and secretary-treasurer. Regular meetings shall be held at least twice a year, at such times and places as the board shall deem most convenient for applicants. Due notice of such meetings shall be given by publication in such papers as may be selected by the board. Special meetings may be held upon a call of three members of the board. The board may prescribe rules, regulations and by-laws, in harmony with the provisions of this title, for its own proceedings and government for the examination of applicants for the practice of medicine and obstetrics.

Art. 4497. BOARD SHALL KEEP REGISTER: The board shall preserve a record of its proceedings in a book kept for that purpose, showing name, age, place and duration of residence of each applicant, the time spent in medical study in respective medical schools, and the year and school from which degrees were granted; said register shall also show whether applicants were rejected or licensed, and shall be prima facie evidence of all matters contained therein. The secretary of the board shall on March 1 of each year, transmit an official copy of said register to the Secretary of State for permanent record, a certified copy of which, with hand and seal of the secretary of said board, or the Secretary of State, shall be admitted in evidence in all courts.

Art. 4498. PHYSICIANS TO REGISTER: No person shall practice medicine in any of its branches upon human beings within the limits of this State who has not registered in the district clerk's office of the county in which he resides, lawful authority to so practice medicine as herein prescribed, together with an affidavit subscribed and sworn to by him before said clerk stating his age, post-office address, place of birth, school of practice to which he professes to belong, that he is the identical person to whom the license offered for registration was issued, and that the same has not been canceled [cancelled]. The fact that said oath was so made, and said license so recorded, shall be endorsed by the district clerk upon the license. The holder of the license must in similar manner have the same recorded upon each change of residence to another county, and shall in each instance be required to make the affidavit provided above. The absence of such record in the office of the district clerk shall be prima facie evidence that no such license exists, and of failure to comply with law in reference to the registration of license to practice medicine.

Art. 4499. MEDICAL REGISTER: Every district clerk shall keep as a permanent record of his office a book of suitable size, to be known as the "Medical Register," and shall record therein all licenses to practice medicine issued by the State Board of Medical Examiners which shall be presented to him for registration and all the matters and things required by the preceding article to be recorded, and shall, as required by law, make therein notation of the cancelation of licenses so registered, and of the death and removal from the county of physicians whose licenses are so registered. When any district court shall cancel the license of any person to practice medicine, the clerk of said court shall, if said license is registered in his county, note the cancelation of said license upon the medical register of said county, and shall forthwith certify to the Secretary of the Board of Medical Examiners, under the seal of said court, the fact that said license was so canceled by said court giving the exact date of said cancelation, and shall tax the fee for making said certificate as part of the costs of the suit to cancel said license. Each county health officer shall keep informed of the death and removal of all registered physicians residing in the county where he resides, and upon the death or removal of any such physician from said county shall certify such death or removal, giving the name of the physician who has died, or so removed, the date, or approximate date of such death or removal, and shall date and sign such certificate and deliver the same either in person or by registered mail, to the district clerk of said county, and said clerk shall forthwith make notation of said death or removal in said Medical Register, and notify the Secretary of the State Board of Medical Examiners of the said death or removal. The notation of such cancelation, if made by a district court, shall consist of writing in large, legible letters across the face of the record of the license cancelled the words "Cancelled by the district court of ....County, on the ....day of ....19......." (filling the blanks so as to correctly indicate the name of the county and the date of the cancelation) and such notation shall be dated and signed officially by the clerk. The notation of the death or removal of a registered physician by the district clerk shall consist of noting the fact of such death or removal upon the record of the license of the physician who has died or removed from the county in large, legible letters, the date of said notation, and the official signature of the clerk. The district clerk shall collect from each physician who presents a license for registration the sum of one dollar at the time such license is presented to him for registration, and that sum shall be full compensation for recording said license and making all notations in the medical register required by law to be so made in reference to the physician named in said license. All matters pertaining to each physician shall be kept and written upon one page of said medical register, and no other entry or registration shall ever be made on said page. It shall be unlawful for any district clerk to make a certified copy of any page or entry in said medical register, or any part thereof, which is not an exact copy of the entire page, or which does not include all notations regarding the cancelation of license, death, or removal of the physician in question, appearing in the office of said clerk. A copy from the medical register pertaining to any person whose license is registered therein certified to by the district clerk having the custody of said medical register under the seal of said court shall be competent evidence in all trial courts. The certificate of a district clerk under the seal of his office certifying that the person named in said certificate is not registered as a physician in the office of said district clerk shall also be prima facie evidence in all trial courts.

Art. 4500. RECIPROCAL ARRANGEMENTS: The State Board of Medical Examiners may in its discretion, upon payment by the applicant for registration of a fee of fifty dollars, grant license to practice medicine to any reputable physician who is a graduate of a reputable medical college or has qualified on examination for the certificate of medical qualification for a commission in the medical corps of the United States Army or Navy, and to licentiates of other states or territories having requirements for medical registration and practice equal to those established by this law. Applications for license under the provisions of this article shall be in writing, and upon a form to be prescribed by the State Board of Medical Examiners. Said application shall be accompanied with a diploma or a photograph thereof, awarded to the applicant by a reputable medical college, or a certified transcript of the certificate or license or commission issued to the applicant by the medical corps of the United States Army or Navy, or by a license or a certified copy of license to practice medicine, lawfully issued to the applicant by some other state or territory; and also be accompanied by an affidavit from an executive officer of the medical corps of the United States Army or Navy, the president or secretary of the Board of Medical Examiners who issued the said license, or by a legally constituted medical registration officer of the state or territory in which the certificate or license was granted upon which the application for medical registration in Texas is based. Said affidavit shall recite that the accompanying certificate or license has not been cancelled or revoked except by honorable discharge from the medical corps of the United States Army or Navy, and that the statement of qualifications made in the application for medical registration in Texas is true and correct. Applicants for license under the provisions of this article shall subscribe to an oath in writing, which shall be a part of said application, stating that the license, certificate, or authority under which the applicant practiced medicine in the state or territory from which the applicant removed was at the time of such removal in full force and not suspended or cancelled; that the applicant is the identical person to whom the said cretificate, license or commission and the said medical diploma were issued, and that no proceeding was pending at the time of such removal, or is at the present time pending against the applicant for the cancelation of such certificate, license, or authority to practice medicine in the state or territory in which the same was issued, and that no prosecution was then, or is at the time of the application pending against the applicant in any State or Federal court for any offense which under the law of Texas is a felony.

Art. 4501. EXAMINATION: All applicants for license to practice medicine in this State, not otherwise licensed under the provisions of law, must successfully pass an examination before the Board of Medical Examiners established by this law. Applicants, to be eligible for examination, must present satisfactory evidence to the board that they are more than twenty-one years of age, of good moral character, and graduates of bona fide, reputable medical schools. Such school shall be considered reputable within the meaning of this law whose entrance requirements and course of instruction are as high as those adopted by the better class of medical schools of the United States, whose course of instruction shall embrace not less than four terms of eight months each. Application for examination must be made in writing under affidavit to the secretary of the board, on forms prepared by the board, accompanied by a fee of twenty-five dollars; except when an applicant desires to practice obstetrics alone, the fee of which shall be five dollars. Such applicant shall be given due notice to the date and place of examination. Applicants to practice obstetrics in this State, upon proper application, shall be examined by the board in obstetrics only, and upon satisfactory examination shall be licensed to practice that branch only; provided, this shall not apply to those who do not follow obstetrics as a profession, and who do not advertise themselves as obstetricians or midwives, or hold themselves out to the public as so practicing. If any applicant, because of failure to pass examination, be refused a license, he or she shall, at such time as the Board of Medical Examiners shall fix, be permitted to take a subsequent examination upon such subjects required in original examinations as the said board may prescribe, upon the payment of such part of twenty-five dollars as the said board may determine and state; and said board may, in the event satisfactory grades shall be made in the subjects prescribed and taken in such reexamination, grant to the applicant license to practice medicine.

Art. 4502. DISPOSITION OF FEES: The fund realized from the aforesaid fees shall be applied first to the payment of necessary expenses of the board of examiners; any remaining funds shall be applied by the order of the board to compensating members of the board in proportion to their labors.

Art. 4503. DETAILS OF EXAMINATIONS: All examinations to practice medicine shall be conducted in writing in the English language and in such manner as shall be entirely fair and impartial to all individuals and to every school, or system of medicine, the applicants being known to the examiners only by numbers, without names or other method of identification on examination papers by which members of the board may be able to identify such applicants, or examinees, until after the general averages of the examinees' numbers in the class have been determined and license ordered, granted or refused. Examinations shall be conducted on anatomy, physiology, chemistry, histology, pathology, bacteriology, diagnosis, surgery, obstetrics, gynecology, hygiene, and medical jurisprudence. Upon satisfactory examination under the rules of the board, applicant shall be granted license to practice medicince. All questions and answers, with grades attached, shall be preserved in the executive office of the board for one year. All applicants examined at the same time shall be given identical questions in each of the above named branches. All certificates shall be attested by the seal of the board and signed by all members of the board, or a quorum thereof. The board may in its discretion give its examination for license in two parts. The first part shall include such of the required scientific branches of medicine named above as may be prescribed by the board. The second, or final part of the examination shall not be given until the applicant has graduated and received a diploma from a reputable medical college. This, the second or final part of the examination shall include all of the scientific branches of medicine prescribed by this law not included and passed by the applicant in the first, or partial, examination, but no license to practice medicine shall issue to such an applicant or examinee unless and until he or she has been examined in all of the scientific branches of medicine prescribed by this law and made the general average of averages required by the board. The application for the first partial examination shall be accompanied by an affidavit from the dean or registrar of the reputable medical college, stating that the applicant has successfully completed the work of the first two years of the college course, and a fee of fifteen dollars; the application for the second, or final, part of the examination shall include an affidavit showing that the applicant is a graduate of a reputable medical college, in good standing with his board, and a fee of twenty-five dollars. The board is authorized to make all rules as to credit to be given for partial examinations, and reexaminations of failed examinees in partial or complete examinations, and changes in procedure necessary to conduct the examination for license in two parts. But it shall be optional with the applicant for examination for license whether he or she shall take the twelve branches of medicine prescribed by this law in one examination session of the board or in two separate sessions. All applicants for examination by said board who cannot speak or write the English language must pay an additional charge of thirty dollars for the services of an interpreter, who shall fairly and accurately translate to the applicant each question propounded to applicants in such examination, and receive from said applicant full answer to said question and translate the said answer fully and with accuracy for the applicant and write the answer thus translated in the answers to said questions furnished to the board for examination and grading.

Art. 4504. CONSTRUCTION OF THIS LAW: Nothing in this law shall be so construed as to discriminate against any particular school or system of medical practice, nor to affect or limit in any way the application or use of the principles, tenets or teachings of any church in the ministration to the sick or suffering by prayer or without the use of any drug or material remedy, provided sanitary and quarantine laws and regulations are complied with, and that no charge is made therefor, directly or indirectly. The provisions of this chapter do not apply to dentists legally qualified and registered under the laws of this State who confine their practice strictly to dentistry; nor optometrists who confine their practice strictly to optometry, as defined in this title; nor to nurses who practice only nursing; nor to masseurs in their particular sphere of labor who publicly represent themselves as such; nor to commissioned or contract surgeons of the United States Army, Navy or Public Health and Marine Hospital Service in performance of their duties, but shall not engage in private practice without license from the Board of Medical Examiners; nor to legally qualified physicians of other States called in consultation, but who do not open office or appoint places in this State where patients may be met or called to see. This law shall be so construed as to apply to persons other than licensed druggists of this State not pretending to be physicians who offer for sale on the streets or other public places remedies which they recommend for the cure of disease.

Art. 4505. MAY REFUSE TO ADMIT CERTAIN PERSONS: The State Board of Medical Examiners may refuse to admit persons to its examinations, or to issue the certificate provided for in this law, for any of the following causes:

1. The presentation to the board of any license, certificate or diploma which was illegally or fraudulently obtained, or when fraud or deception has been practiced in passing the examination.

2. Conviction of a crime of the grade of a felony, or one which involves moral turpitude, or procuring or aiding or abetting the procuring of a criminal abortion.

3. Other grossly unprofessional or dishonorable conduct of a character likely to deceive or defraud the public; or for habits of intemperance or drug addiction calculated to endanger the lives of patients; provided, that any applicant, who may be refused admittance to examination before said board shall have his right of action to have such issue tried in the district court of the county in which some member of the board shall reside.

Art. 4506. REVOCATION OF LICENSE: The right to practice medicine in this State may be revoked by any court of competent jurisdiction, upon proof of the violation of the law in any respect in regard thereto, or for any cause for which the State Board of Medical Examiners is authorized to refuse to admit persons to its examinations as provided in the preceding article; and it shall be the duty of the several district and county attorneys of this State to file and prosecute appropriate judicial proceeding in the name of the State, on request of any member of said board.

Art. 4507. TO SUSPEND OR CANCEL LICENSE: The district courts of the State shall have the authority to cancel or supend [suspend] the license of any practitioner of medicine when it shall appear to the satisfaction of said court, upon hearing that such practitioner of medicine has been convicted in a State or Federal court of an offense, which in this State is a felony, or for any offense involving moral turpitude, or that the practitioner obtained his examination for license upon a diploma, certificate, or license which had been illegally or fraudulently obtained, upon a fictitious or bogus certificate, license, or diploma, or one issued to a person other than the applicant, or that the practitioner was guilty of fraud, false swearing, or deception in obtaining examination by the board, or in passing examination for medical license, or in procuring the issuance of a license to him or in securing registration of his license by a district clerk, or that the practitioner has in the judgment of the court been guilty of grossly improper, or dishonorable conduct of a character likely to deceive or defraud the public, or when it shall be shown to the satisfaction of the court that he is addicted to the habitual use of narcotics, or to habits of intemperance reasonably calculated to endanger the lives of his patients. When complaint is made to the court by any county or district attorney, as provided in the preceding article, said court shall order the practitioner of medicine to show cause why his license shall not be suspended or revoked. Such complaint shall be made in writing, the charge and the grounds thereof shall be set out distinctly and the same shall be subscribed and sworn to by the prosecutor and filed with the clerk of the court. Citation thereon shall be issued in the name of the State of Texas, and in manner and form as in other cases, and the same shall be served upon the defendant at least ten days before the trial day set therein. Upon the return of said citation executed, if the defendant shall appear and deny the charge, the cause shall be docketed for trial, and conducted in the name of the State of Texas against the defendant. The State shall be represented by the county and district attorney. A jury of twelve men shall be impaneled unless waived by the defendant, and the cause shall be tried in like manner as other cases. If the said practitioner of medicine be found guilty, or shall fail to appear and deny the charge after being cited as aforesaid, the said court may, by proper order entered on the minutes, suspend the license for a time, or revoke and cancel it entirely, and may also give proper judgment for costs.

Art. 4508. DUTY OF ATTORNEY GENERAL: Upon the application of the Board of Medical Examiners, or a majority thereof, to the Attorney General, setting forth that the county or district attorney or a county or district has failed to prosecute or proceed against any person violating the terms of this chapter, setting forth that application and request has been made of such county or district attorney and that such request or application has been neglected or refused, the Attorney General shall proceed against such a person in the county of residence of the person complained against either by civil or criminal proceedings.

Art. 4509. INJUNCTION: The actual practice of medicine in violation of the provisions of this title, or in violation of any provision of Title 12, chapter 6, of the Penal Code, shall be enjoined at the suit of the State, but such suit for injunction shall not be entertained in advance of the previous final conviction of the party sought to be enjoined of the violation of any provision of said chapter of the Penal Code. In such suits for injunction, it shall not be necessary to show that any person is personally injured by the acts complained of. Any person who may be or about to be so unlawfully practicing medicine in this State, may be made a party defendant in said suit. The Attorney General, the district attorney of the district in which the defendant resides, the county attorney of the county in which the defendant resides, or any of them, shall have the authority, and it shall be their duty, and the duty of each of them, to represent the State in such suits. No injunction, either temporary or permanent, shall be granted by any court, until after a hearing on complaint is had by a court of competent jurisdiction on its merits. In such suit no injunction or restraining order shall be issued until final trial and final judgment on the merits of the suit. If on the final trial it be shown that the defendant in such suit has been unlawfully practicing medicine, or is about to practice medicine unlawfully, the court shall by judgment perpetually enjoin the defendant from practicing or continuing the practice of medicine in violation of law as complained of in said suit. Disobedience of said injunction shall subject the defendant to the penalties provided by law for the violation of an injunction. The procedure in such cases shall be the same as in any other injunction suit as nearly as may be. The remedy by injunction given hereby shall be in addition to criminal prosecution. Such causes shall be advanced for trial on the docket of the trial court, and shall be advanced and tried in the appellate courts in the same manner and under the same laws and regulations as other suits for injunction.

Art. 4510. WHO REGARDED AS PRACTICING MEDICINE: Any person shall be regarded as practicing medicine within the meaning of this law:

1. Who shall publicly profess to be a physician or surgeon and shall treat, or offer to treat, any disease or disorder, mental or physical, or any physical deformity or injury by any system or method, or to effect cures thereof;

2. Or who shall treat or offer to treat any disease or disorder, mental or physical, or any physical deformity or injury by any system or method, or to effect cures thereof and charge therefor directly or indirectly, money or other compensation.

Art. 4511. DEFINITIONS: The terms, "physician," and "surgeon" as used in this law, shall be construed as synonymous, and the terms "practitioners," "practitioners of medicine," and "practice of medicine," as used in this law, shall be construed to refer to and include physicians and surgeons.

Art. 4512. MALPRACTICE CAUSE FOR REVOKING LICENSE: Any physician or person who is engaged in the practice of medicine, surgery, osteopathy, or who belongs to any other school of medicine, whether they use the medicines in their practice or not, who shall be guilty of any fraudulent or dishonorable conduct, or of any malpractice, or shall, by any untrue or fraudulent statement or representations made as such physician or person to a patient or other person being treated by such physician or person, procure and withhold, or cause to be withheld, from another any money, negotiable note, or thing of value, may be suspended in his right to practice medicine or his license may be revoked by the district court of the county in which such physician or person resides, or of the county where such conduct or malpractice or false representations occurred, in the manner and form provided for revoking or suspending license of attorneys at law in this State.

PENAL CODE OF TEXAS, 1925, TITLE 12, CHAPTER 6

UNLAWFULLY PRACTICING MEDICINE.—Any person practicing medicine in this State in violation of the preceding articles of this chapter* shall be fined not less than fifty nor more than five hundred dollars, and be imprisoned in jail not exceeding six months. PRACTICE AFTER LICENSE CANCELLED.—Whoever shall practice medicine in any of its branches upon human beings within the limits of this State after his license has been cancelled by any court of competent jurisdiction shall be confined in the penitentiary not less than one nor more than four years, or be confined in jail not to exceed six months.

FALSE STATEMENT BY APPLICANT.—Whoever shall make any false statement in his application for examination by the Board of Medical Examiners, or who shall make any false statement under oath to obtain a license or to secure the registration of his license to practice medicine, shall be guilty of false swearing and punished accordingly.

Art. 745. MEDICAL REGISTER.—Every district clerk shall keep as a permanent record of his office a book to be known as the "Medical Register," and shall record therein all licenses to practice medicine issued by the State Board of Medical Examiners which shall be presented to him for registration. When the license of any one to practice medicine has been cancelled, said clerk shall, if such license is registered in his county, note such cancelation upon said book, and shall also note therein the death or removal of any licensee. COLOSTOMY

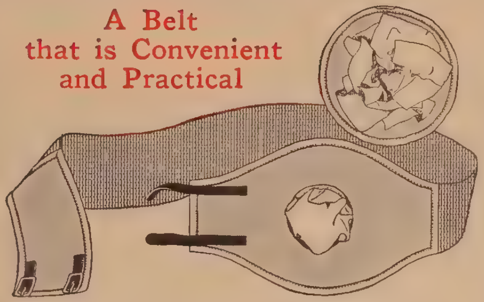
A Belt
that is Convenient
and Practical



Belt showing cap in position. Inset shows cap lined with tissue paper ready to insert in ring of belt.

IF YOU have a friend with a colostomy, win his eternal gratitude by prescribing the Perry Colostomy Belt.

After Col. Perry, my deceased husband, was operated on in Rochester, Minnesota, he was told by those who knew that he would either have to carry a satchel of bandages around with him the rest of his life or wear some kind of rubber pouch that would have to be washed out and disinfected three or four times daily. As he was in uniform and leading an active life he wanted something that was not bulky and that could be changed in a minute anywhere without special supplies. Necessity is the mother of invention, and after months of experiment we developed a Belt lined with tissue paper that is not bunglesome and can be changed instantly in woods or field simply by throwing away the tissue paper lining and stuffing in a few fresh sheets.

One user has said he would pay one thousand dollars for it if he could not get the Belt cheaper. A tailor makes my supply and I can pass one on to you postpaid for $7.50. Give waist measure. I will gladly refund your money if you, or patient, are not entirely satisfied after trial.

168; Laws of 1921, No. 180; Laws of
1923, No. 113; Laws of 1925, No.
109; Laws of 1927, No. 105.

Section 6082. CONSTITUTION; TERM. The State Board of Medical Registration shall consist of seven physicians in active practice and not members of the faculty of a medical college. Four of said board shall be of the regular school, two of the homeopathic school, and one of the eclectic school, and each shall be a graduate of a chartered medical college having power to confer the degree of doctor of medicine and surgery. The term of office of each member shall be six years.

Sec. 6083. APPOINTMENT. The governor shall biennially, in the month of January, appoint members of said board to succeed those whose terms of office expire on the thirty-first day of such month. Such appointees and appointees to fill a vacancy shall be of the same school as those whom they succeed.

Sec. 6084. MANNER OF APPOINTMENT. Appointments shall be made from a list nominated by the Vermont Medical Society, Vermont Homeopathic Medical Society, or Vermont Eclectic Medical Society according as the term of office of members representing each school is about to expire, such list to contain at least twice the number to be appointed. Such nomination shall be made biennially at the annual meeting of each society, and shall be duly certified by the president and secretary of the society making the nomination and transmitted to the governor on or before the fifteenth day of January in the year of the regular session of the general assembly. In case such nominations are not so transmitted, the governor shall appoint such physicians as he may select, maintaining the same proportion of regular, homeopathic and eclectic physicians as provided in the second preceding section.

Sec. 6085. OFFICERS AND THEIR DUTIES. On the second Tuesday of July, biennially, said board shall choose from among its number a president, a vice president, a secretary and a treasurer, who shall hold their respective offices for two years and until their successors are chosen. The secretary shall keep a record of the transactions of the board and a separate record of the name, residence, college and date of graduation of each person licensed by it. The treasurer shall receive license fees, keep a true account thereof, and quarterly on the first day of February, May, August and November, make a report to the state treasurer of examinations given and licenses granted, and pay into the state treasury all moneys received by him therefor.

Sec. 6086. MEETINGS FOR EXAMINATIONS, RULES AND REGULATIONS. Said board shall meet at Burlington on the second Tuesday in February and on the first Wednesday following the graduation of the medical class of the University of Vermont and at such other times and places as it may determine, for the purpose of examining applicants for license to practice medicine and surgery. Said board may make such rules and regulations as may be necessary for its government, and a majority shall constitute a quorum. Said board may issue at each biennial period a report of its doings which shall contain a list of all registered physicians in the state. Such report shall be printed in the volume of public documents, and enough separate copies printed to supply the needs of said board and the state library. Such separate copies shall be paid for at cost by the Board of Medical Registration.

Sec. 6087. QUALIFICATION OF APPLICANT; EXAMINATIONS; FEES. A person twenty-one years of age and of good moral character, who is a graduate of a legally chartered medical college or university, having power to confer degrees in medicine and surgery, and such medical college or university being recognized as determined by the board, shall upon payment of a fee of twenty dollars, be entitled to examination, and if found qualified, shall be licensed to practice medicine and surgery in this state and receive a license signed by the president and secretary of said board; provided, however, that students who have completed the studies of anatomy, physiology, chemistry and histology may be examined after presenting a certificate from the secretary of the college or university in which they are pursuing their studies that they have completed the work of the second year. The fee which shall accompany such certificate shall be half of that for the final examination and shall be credited to the student as a part of the whole fee when he takes his final examination, which examination shall not include the subjects in which such student was found qualified by such previous examination. Practitioners graduated prior to the year nineteen hundred and one, under a lower standard, who have been five or more years in active reputable practice, may be examined by the board, if of satisfactory moral character, and if recommended as worthy by physicians in good standing. A person refused a license may be reexamined at a regular meeting of the board within one year of the time of such refusal, without an additional fee.

The Board of Medical Registration may, at such time as it deems expedient, require of all applicants for examination to practice medicine and surgery a certificate that they have had a one year's internship in a hospital approved by said board.

Sec. 6088. EXAMINATIONS; GENERAL PROVISIONS; MATERIA MEDICA. Such examinations shall be wholly or in part in writing, in the English language, and shall be of a practical character, sufficiently strict to test the qualification of the applicant. It shall embrace the general subjects of anatomy, physiology, chemistry, pathology, bacteriology, hygiene, practice of medicine, surgery, obstetrics, gynecology, materia medica, therapeutics, and legal medicine. Each applicant shall pass a general average of seventy-five per cent. to entitle him to a license; provided, however, that reputable practitioners may be allowed one per cent. for each year of practice, but such allowance shall not exceed ten per cent. Examination in materia medica shall be conducted by the members of the board representing the same school as the applicant.

Sec. 6089. RECORDS; FEES. A person receiving a license certificate shall, within thirty days of the date thereof, cause the same to be recorded in the office of the secretary of state, in a book kept for that purpose, and shall pay him twenty-five cents for recording the same. A certificate not so recorded shall be invalid.

Sec. 6090. NONRESIDENT'S FEES. Said board shall, without examination, issue a license to a reputable physician or surgeon who personally appears and presents a certified copy of a certificate of registration or a license issued to him in a state whose requirements for registration are deemed by said board as equivalent to those of this state, provided that such state accords a like privilege to holders of licenses granted under the laws of this state. The fee for such licenses shall be fifty dollars.

Sec. 6091. REQUIREMENTS FOR ADMISSION TO PRACTICE. The standard of requirements for admission to practice in this state, under the preceding section, shall be as follows:

Academic.—Preliminary requirements to be a high school education or its equivalent, such as would admit the student to a recognized university, and a two years' course of study in a college of arts and sciences; provided that the two years' college course shall not be required of applicants who matriculated in a medical college before January 1, 1918. The standard of such secondary schools and colleges shall be determined by agreement between the educational department of the state in which the applicant received such education and the commissioner of education of this state.

Medical.—Four courses of lectures of nine hundred hours each, prior to graduation from a medical college approved by said board. Practitioners graduated prior to nineteen hundred and one are exempt from this requirement.

Moral.—Applicant shall present qualifications as to moral character and professional standing from two reputable physicians in the county in which he resides, and from the town clerk of his place of residence.

Examining.—The examination in writing shall have embraced twelve subjects of ninety questions, viz.; anatomy, physiology, chemistry, pathology, bacteriology, hygiene, practice of medicine, surgery, obstetrics, gynecology, materia medica, therapeutics, and legal medicine. The general average must have been at least seventy-five per cent., and a license shall not be recognized when a lower rating was obtained.

Sec. 6092. REFUSAL AND REVOCATION OF LICENSES. Said board may refuse to issue the certificates provided for in the fifth preceding section to persons who have been convicted of the practice of criminal abortion, or who have, by false or fraudulent representations, obtained or sought to obtain practice in their profession, or by false or fraudulent representations of their profession, have obtained or sought to obtain money or any other thing of value, or who assume names other than their own, or for any other immoral, unprofessional or dishonorable conduct; and said board may, for like cause, revoke any certificate issued by it or the respective board of censors of the Vermont State Medical, the Vermont State Homeopathic or the Vermont State Eclectic medical society; provided that no certificate shall be revoked or refused until the holder or applicant is given a hearing before said board. The words "unprofessional or dishonorable conduct" as used herein are declared to mean:

(1) Advertising of medical business which is intended or has a tendency to deceive the public or impose upon credulous or ignorant persons and so be harmful or injurious to the public morals or safety.

(2) Conviction of any offense involving moral turpitude, and the record of such conviction shall be conclusive evidence of guilt.

(3) Habitual intemperance.

Sec. 6093. ILLEGAL PRACTICE; PENALTY. A person who, not being licensed, advertises or holds himself out to the public as described in the following section, or who, not being licensed, practices medicine or surgery as defined in the following section or who practices medicine or surgery under a fictitious or assumed name, or who impersonates another practitioner or signs a certificate of death for the purpose of burial or removal, shall be imprisoned not more than three months or fined not more than two hundred dollars nor less than fifty dollars, or both. An action shall not be maintained by such person for the recovery of compensation for such services.

Sec. 6094. PHYSICIAN AND SURGEON; FAITH CURE; MIND HEALING; LAYING ON OF HANDS; APPLICATION OF SECTION. A person who advertises or holds himself out to the public as a physician or surgeon, or who assumes the title or uses the words or letters "Dr.," "Doctor," "Professor," "M.D." or "M.B." in connection with his name, or any other title implying or designating that he is a practitioner of medicine or surgery in any of its branches, or shall advertise or hold himself out to the public as one skilled in the art of curing or alleviating disease, bodily injuries or physical or nervous ailments, or shall prescribe, direct, recommend, or advise, give or sell for the use of any person, any drug, medicine or other agency or application for the treatment, cure or relief of any bodily injury, infirmity or disease, or who follows the occupation of treating diseases by any system or method, shall be deemed a physician, or practitioner of medicine or surgery, for the purpose of this chapter. The provisions of this chapter shall apply to persons professing and attempting to cure disease by means of "faith cure," "mind healing," or "laying on of hands"; but shall not apply to persons who merely practice the religious tenets of their church without pretending a knowledge of medicine or surgery; and the provisions of this section shall not apply to a person, firm or corporation that manufactures or sells patent, compound or proprietary medicines, that are compounded according to the prescription of a physician who has been duly authorized to practice medicine.

Sec. 6095. OSTEOPATHS; CHIROPRACTORS; PRIOR PRACTITIONERS; UNITED STATES OFFICERS; NONRESIDENT PHYSICIANS AND SURGEONS. This chapter, except as to the provisions of section six thousand and ninety two of the general laws, shall not apply to persons licensed to practice osteopathy under chapter two hundred and fifty-eight; or to persons licensed to practice chiropractic under the laws of the state; or to persons licensed under the laws in force prior to Dec. 9, 1904, or to persons who resided and practiced medicine in this state for five years previous to Dec. 28, 1876, or to commissioned officers of the United States army, navy or marine hospital service, or to any person or persons giving aid, assistance or relief in emergency or accident cases pending the arrival of a regularly licensed physician or surgeon, or to a nonresident physician or surgeon who is called to treat a particular case and who does not otherwise practice in this state, provided that such nonresident physician or surgeon is duly licensed where he resides and that the state of his residence grants the same privilege to duly licensed practitioners of this state. This chapter shall not prevent a nonresident physician or surgeon from coming into this state for consultation with a duly licensed practitioner herein.

Sec. 6096. INVESTIGATION. Said board shall investigate cases of disregard or violation of the provisions of this chapter, and make complaint thereof to the proper prosecuting officer.

. . . .

Sec. 7362. BOARD OF MEDICAL REGISTRATION. Each member of the State Board of Medical Registration shall receive four dollars a day for services rendered, and necessary expenses.

Sec. 7365. APPORTIONMENT OF EXPENSES AND PER DIEM UNDER THREE PRECEDING SECTIONS. If the amount received by a board named in the three preceding sections for examinations, certificates and licenses is not sufficient to pay the per diem and expenses allowed said board, the auditor of accounts shall allow the expenses of said board in full and such percentage of the per diem that the expense of the board to the state shall not exceed the receipts of said board.

Westbrook Sanatorium

RICHMOND - - - - VIRGINIA

The sanatorium is a private institution of 160 beds, located in the Ginter Park suburb, midway between trolley lines, within ten minutes' ride of the heart of the city, and on the Richmond-Washington National Automobile highway. Midway between the North and the distant South, the climate of this portion of Virginia is almost ideal. Nearby are many reminders of the civil war, and many places of historic interest are within easy walking distance.

The plant consists of twelve separate buildings, most of which are new, located in the midst of a beautifully shaded fifty-acre lawn, surrounded by a hundred and twenty-acre tract of land. Remoteness from any neighbor assures absolute quietness.

The large number of detached buildings makes easy the satisfactory and congenial grouping of patients. Separate buildings are provided for men and for women. Rooms may be had single or en suite, with or without private bath. A few cottages are designed for individual patients.

The buildings are lighted by electricity, heated by hot water, and are well supplied by baths. The water supply for the entire institution is derived from an artesian well on the grounds, of approved therapeutic value.

The scope of the work of the sanatorium is limited to the diagnosis and the treatment of nervous and mental disorders, alcoholic and drug habituation. Every helpful facility is provided for these purposes, and the institution is well equipped to care for such patients. It affords an ideal place for rest and upbuilding under medical supervision. Five physicians reside at the sanatorium and devote their entire attention to the patients. A chartered training school for nurses is an important part of the institution in providing especially equipped nurses—both men and women—for the care of the patients.

Systematized out-of-door employment constitutes an important feature of the treatment. Wonderful work in the arts and crafts is carried on under a trained teacher. There are bowling, tennis, croquet, billiards and pool.

The sanatorium maintains its own truck farm, dairy and poultry yard.

Virginia Code of 1924, Chapter 68, as amended Laws of 1928, Chapter 515.

Sec. 1608. BOARD OF MEDICAL EXAMINERS; HOW CONSTITUTED; TERM OF OFFICE: The board known as the Board of Medical Examiners for the State of Virginia is continued and shall consist of one regular physician from each congressional district, and one homeopath and one osteopath from the State at large. The term of office of the members of said board shall be four years, or until their successors are appointed and qualify, and they shall be men learned in medicine and duly licensed, active practitioners in this state.

Sec. 1609. HOW AND WHEN APPOINTED: The members of the board in office when this Code takes effect shall continue in office until their respective terms expire, to wit: April first, nineteen hundred and twenty-two, and their successors shall be appointed by the Governor on or before the said date, and every fourth year thereafter, from a list of names to be recommended by the Medical Society of Virginia, except the homeopath and osteopath, who shall be nominated to him by their respective State medical societies. Vacancies occurring on said board for unexpired terms shall be filled in the same manner, and shall be to fill the unexpired term only. Such recommendations shall be by the votes of a majority present at a meeting of the said societies, and the same shall be certified to the Governor by the president and secretary of such society. If the Governor shall consider any of the persons so recommended unsuitable, he may decline to appoint such person or persons, and communicate the facts to the president of the society presenting the nomination, and such society shall, within ninety days thereafter, make other recommendations in the same manner as hereinbefore provided, which shall stand on the same footing in all respects as those first made. If such society shall fail to make such recommendation prior to the time of appointment, or within the ninety days, the Governor shall appoint such board, either in whole or in part, without regard to such recommendations. If any member of the board shall cease to reside in the district from which he was appointed, his office shall be deemed vacant. The Governor may summarily remove any member of the board for misconduct, incapacity or neglect of duty, and shall be the sole judge of the sufficiency of the cause for removal.

Sec. 1610. OATHS, POWERS, MEETINGS; RULES AND REGULATIONS: The members of said board shall qualify by taking the usual oath of office before the circuit court of the county or corporation court of the city in which they respectively reside, or before the judge thereof in vacation. The officers of said board shall be a president, vice-president and a secretary (who shall also act as treasurer), who shall be members of and selected by the said board. Regular meetings of the board shall be held at such times and places as the board shall prescribe, and special meetings may be held upon the call of the president and any five members, but there shall not be less than one regular meeting each year. Five members of the board shall constitute a quorum. The board may prescribe rules and regulations and by-laws for its own proceedings and government and for the examination by its members of candidates for the practice of medicine, including the scope of the said examination. Due notice of such meeting shall be given by publication in such papers as may be selected by the board. The board, or any committee thereof, may employ counsel, shall have the power to compel attendance of witnesses and administer oaths, and may take testimony and proofs concerning all matters within its jurisdiction. No by-law or rule by which the vote of a majority of the board is required for any specified action shall be suspended or repealed by a smaller vote than that required for action thereunder.

Sec. 1611. PRESERVATION OF RECORDS: The board shall preserve a record of its proceedings in a book kept for that purpose, which shall show the name, age, place and duration of residence therein of each applicant for a license, the time spent in medical study in respective medical schools, and the year and school from which degrees were granted; said record shall also show whether applicants were granted a certificate or rejected, and shall be prima facie evidence of all matters contained therein. The secretary of the board shall, on the first day of March of each year, transmit a copy of said record, together with a photograph of each licensee, to the Superintendent of Public Instruction for permanent record and certified copies of the said records, under the hand and seal of the secretary of the board or of the said superintendent, shall be admissible as evidence in all of the courts of this state.

Sec. 1612. REGISTRATION OF CERTIFICATES; DUTIES OF CLERKS: Every certificate to practice medicine, homeopathy, osteopathy, chiropractic and chiropody granted under the provisions of this chapter shall, before the licensee begins to practice thereunder, be presented by him to the clerk of the circuit court of the county or the corporation court of the city wherein such practice is to be carried on. The clerk of each said courts shall keep a book for the purpose, entitled the "medical register," and set apart one full page therein for the registration of each licensee, and he shall record therein the name, residence, place and date of birth and source, number and date of the license to practice, and the school of practice to which each licensee professes to belong, and each licensee shall subscribe and verify under oath the matters above mentioned when the same have been so recorded, which, if willfully false, shall subject the person so making oath to conviction and punishment for false swearing as provided by law. The fact of such oath and record shall be endorsed by the said clerk upon each certificate presented, and the clerk shall receive the sum of one dollar from each licensee so registered, which shall be his full compensation for all duties required under this chapter. The holder of a certificate to practice medicine, homeopathy, osteopathy, chiropractic and chiropody shall have the same recorded upon each change of residence to another county or city, and the absence of such record shall be prima facie evidence of the want of possession of such certificate. In such counties and cities as may require a yearly license issued by the commissioner or other officer, it shall be the duty of said commissioner or other officer, to require the licensee to furnish a certified statement that he or she has registered his or her certificate in acordance with section sixteen hundred and twelve, and in the absence of such statement it shall be unlawful for said commissioner or officer to issue a license. When any licensee shall die or remove from the county or city, or have his certificate revoked, it shall be the duty of said clerk to make a note of the facts at the bottom of the page of the said licensee as closing his record. On the first day of January in each year said clerk shall, on the request of the board, certify to the secretary thereof a correct list of the licensees then registered in the county or city, together with such other information as said board may require. Any clerk, commissioner or other officer, upon conviction of knowingly violating any provision of this chapter shall be fined not more than fifty dollars for each offense. A copy of the "medical register" pertaining to any person certified to by a clerk, under seal of court; also a certificate issued by said clerk, certifying that any person named has or has not registered in his office, as required by this chapter, shall be admitted as evidence in all courts of this State.

Sec. 1613. VERIFICATION LICENSE; RECIPROCITY; DUPLICATE CERTIFICATES: Legal practitioners of medicine, homeopathy, osteopathy, and chiropractic practicing under the provisions of previous laws who have not already received a license from the State Medical Examining Board of this State, shall present to the board, documents sufficient to establish the existence and validity of a diploma granted to each by some bona fide college of medicine, homeopathy, osteopathy and chiropractic, or to establish their exemption existing under any law, and shall receive from the said board a verification license, which shall be recorded in the clerk's office of the circuit court of the county or corporation court of the city in which the licensee resides, and duly endorsed by said clerk. Such verification license shall be issued for a fee of fifty cents to all practitioners so qualifying who have not already received a license from a board of medical examiners of this State. It is especially provided that those whose claims to State license rest upon having practiced in the State previous to the year eighteen hundred and eighty-five, shall present to the board satisfactory evidence of having legally practiced medicine in this State before that year, or if an osteopath, before the year nineteen hundred and three, or if a chiropractor, before the year nineteen hundred and thirteen. The board may, at its discretion, arrange for reciprocity with the authorities of other States, territories and countries having requirements equal to those established by this chapter, and may, at its discretion, issue such certificate to applicants upon endorsements of boards of States with which reciprocal relations have not been established, provided credentials of applicant are satisfactory, and provided further that his or her school of graduation and his or her grades be deemed fully equal to those required by the Virginia board. The Board of Medical Examiners may accept in lieu of its own examination the certificate of the National Board of Medical Examiners, the fee for which shall be the same as that required for reciprocity. Certificates may be granted applicants to practice under such reciprocity on payment of a fee of fifty dollars to the secretary of the board. The president may, upon recommendation of the reciprocity committee and with the consent of the executive committee, issue certificates to such applicants as are entitled to reciprocity under this chapter at any time, whether the board is in session or not. Legal practitioners who have lost their State board certificates shall obtain duplicate certificates by furnishing to the secretary of the board satisfactory proofs of the issuance to the individual of the former certificates, and upon payment of a fee of one dollar and the new certificates when issued shall be registered as hereinbefore provided for original licenses.

Sec. 1614. VIOLATIONS; TRIAL; POWERS OF BOARD REFUSING EXAMINATION: The State Board of Medical Examiners, or any member thereof, shall have the power at any time to inquire into the identity of any person claiming to be a licensed or registered practitioner, and after due service upon such person of a notice in writing, require him to make reasonable proof, satisfactory to the board, that he is the identical person licensed to practice medicine, homeopathy, osteopathy, chiropractic and chiropody, under the license by virtue of which he claims the right to practice. If, after such inquiry, it is found that the person is practicing wrongfully, or if after due investigation by the above named authorities, or any one of them, any person whomsoever is found violating any of the provisions of this chapter, it shall be the duty of such investigator to transmit to the Commonwealth's attorney of the county or city wherein such person resides, or is or has been practicing or attempting to practice, all the evidence in his possession tending to establish such violation of this chapter; and it shall be the duty of the said Commonwealth's attorney to immediately prosecute such person for violation of this chapter, if, in his opinion, the evidence so presented is sufficient to convict, and upon trial the burden of proof shall be upon the defendant to prove his right to practice. The circuit court of the county wherein the offense is committed shall have original jurisdiction concurrent with the justices of said county in the trial of such person for such offense, and the corporation courts of the several cities of this Commonwealth shall have original jurisdiction concurrent with the police justices of such cities. The State Medical Examining Board may refuse to admit to examination or reciprocity, or to grant a certificate provided for in this chapter, to a person guilty of unprofessional, dishonest, or immoral conduct, and may revoke or suspend a certificate for like cause or causes.

The words "unprofessional conduct" as used in this act are hereby defined to mean any of the following acts, to-wit:

(a) A practitioner of medicine, homeopathy, osteopathy, chiropractic or chiropody, who is guilty of any crime involving moral turpitude or who is guilty of any fraud or deceit by which he was admitted to practice, or

(b) Is an habitual drunkard or habitually addicted to the use of morphine, opium, cocaine or other drugs having a similar effect; or

(c) Who undertakes or engages in any manner or by any ways or means whatsoever, to procure or perform a criminal abortion, as the same is defined by the law of this State.

(d) Prescribing or dispensing morphine, cocaine, or other narcotics or alcoholics with intent or knowledge that same shall be used otherwise than medicinally or with intent to evade any law relative to the sale, use or disposition of such drug.

(e) All advertising of medical business in which grossly improbable or extravagant statements are made, or which have a tendency to deceive or defraud the public, or impose upon credulous or ignorant persons, or in which mention is made in such advertisements of venereal diseases, diseases or disorders of the genito-urinary organs or chronic ailments.

(f) Violations of section sixteen hundred and thirty-nine of the medical practice act.

(g) Advertising or professing to treat human ailments under a system or school of treatment or practice other than that for which he or she holds a certificate, or advertising that he or she can cure or treat diseases by a secret method, procedure, treatment or medicine.

Any applicant who may be refused admittance to examinations before said board, or who may be refused a certificate by said board, or who may have his certificate revoked by said board shall have his right of action to have such issue tried by the circuit court of the county or the corporation court of the city within whose jurisdiction he may reside, and the proceedings to try such issue shall be begun by the filing of a petition by such person in such court reciting the facts and making the said board the party defendant; whereupon after due service of process upon the member of said board residing in the congressional district in which said county or city is located, at least ten days before the trial, the court shall proceed to try the issue, the burden of proof being upon the petitioner to establish his right to be examined, to be granted certificate or to practice. It shall be the duty of the Commonwealth's attorney of the said county or corporation to appear on behalf of the board and to file any answer that he may deem expedient on its behalf, and to defend the said action before the court. The judgment of the court upon the issue tried shall be final. The board, or any member thereof, may investigate any person practicing or attempting to practice, or opening an office for the ostensible purpose of practicing medicine, homeopathy, osteopathy, chiropractic and chiropody in this State, and may require such person to produce his certificate granted by the board, or document sufficient to establish his right to practice medicine, homeopathy, osteopathy, chiropractic and chiropody, under this chapter; and, in case, such person fails or refuses, to prove his right to practice, the investigator shall report the case to the Commonwealth's attorney of the county or city wherein such person is practicing or attempting or offering to practice, and it shall be the duty of such Commonwealth's attorney to immediately prosecute such person for violating this chapter, and upon the trial of such person the burden of proof shall be upon him to establish his right to practice.

Where the license of any person has been revoked, or his registration has been annulled as herein provided, the board may, after the expiration of three months, upon the payment of a fee of five dollars, entertain an application for a new license, and in like manner as original applications for licenses are entertained and upon such new application they may, in their discretion, exempt the applicant from the necessity of undergoing an examination.

Sec. 1615. **ADMISSION TO EXAMINATION; POWER OF BOARD:** All applications for certificates to practice medicine, homeopathy, osteopathy, and chiropractic in this State after the passing of this act must successfully pass an examination before the Board of Medical Examiners, established by this Act. The said board shall admit to examination any candidate who pays a fee of twenty-five dollars, and submits evidence verified by affidavits and satisfactory to the board, that he or she:

(a) Is twenty-one years of age or more, and who has not at any time been guilty of unprofessional conduct, as defined in section sixteen hundred and fourteen.

(b) Is of good moral character.

(c) Had prior to beginning of his or her first year of medical study the general education required preliminary to receiving the degree of bachelor or doctor of medicine in this State. This preliminary education shall meet the requirements of the Board of Education of the State of Virginia, and a certified statement from the superintendent of said board shall accompany the candidate's application.

(d) Has studied medicine not less than four school years, including four satisfactory courses of at least eight months each in four different calendar years in a medical school registered as maintaining a standard, satisfactory to the State Board of Education. Such standard being based upon the grading of the American Medical Association, of the American Institute of Homeopathy, and of the American Osteopathic Association, respectively.

Virginia medical schools and Virginia medical students shall not be discriminated against by the registration of any medical school out of the State whose minimum graduation standard is less than that fixed by statute of Virginia medical schools.

The board may, in their discretion, accept as the equivalent of the first year of requirement (d) evidence of graduation from a registered college course; provided, that such college course shall have included not less than the minimum requirements prescribed by the board, and by the State Board of Education for such admission to advance standing.

The board may also, at their discretion, admit conditionally to the examination in anatomy and histology, physiology, and embryology and chemistry, applicants nineteen years of age, or more, certified as having studied medicine at some registered medical college not less than two years, including two satisfactory courses of at least eight months each, in two different calendar years, and in having passed in all those medical branches at the said college, but the said college must be registered as maintaining at the time a standard satisfactory to the State Board of Education as above provided, provided, further, that such applicant must meet requirements (b) and (c). The board may also, at their discretion, accept as the equivalent of any part of requirements (c) and (d), five or more years of legal and reputable practice, and such candidate shall be exempted from taking examinations in anatomy and histology, and physiology, embryology and chemistry.

(e) Has either received the degree of bachelor or doctor of medicine from some registered medical school, or a diploma or license conferring full right to practice medicine in some foreign country, unless admitted conditionally to the examination as specified above, in which case all qualifications, including the full period of study, the medical degree and the final examinations must be met. The degree of bachelor or doctor of medicine shall not be conferred in this State before the candidate has filed with the institution conferring it the certificate of the State Board of Education that before beginning the first annual medical course counted toward the degree, he had either graduated from a registered college or satisfactorily completed a full course in a registered academy or high school; or had a preliminary education considered and accepted by the State Board of Education as fully equivalent, or hold a State Board of Education medical student certificate, or passed State Board of Education examinations, securing sufficient academic counts, in accordance with the standard of the association of American Medical Colleges, the Council of Medical Education of the American Institute of Homeopathy, or the American Osteopathic Association, respectively, or their full equivalent, before beginning the first annual medical course counted toward the degree; provided, however, that when an applicant has failed to pass a satisfactory examination, he may appear before the board again, once within one year without paying an additional fee; provided, that any person who shall produce before the said examining board a certificate from the judge of the circuit court and the Commonwealth's attorney of the county in which he resides stating that in their opinion, from evidence produced before them he was a practicing physician prior to the first day of January, eighteen hundred and ninety-five, practicing osteopath prior to the first day of January, nineteen hundred and three, or a practicing chiropractor prior to the first day of January, nineteen hundred and thirteen, then said examining board shall give to said person a certificate allowing said person to practice their profession in Virginia.

Sec. 1616. **DISPOSITION OF FUNDS; COMPENSATION OF MEMBERS OF THE BOARD; HOW PAID:** The funds realized from all fees collected by the board shall be accounted for and shall be paid into the State treasury. Each member of the board, except the secretary, shall receive eight dollars for each day actually employed in the discharge of his official duties, together with all necessary expenses incurred. The secretary of the board shall receive, in addition to necessary expenses, an annual salary, to be fixed by the board, not exceeding one thousand dollars. The compensation and expenses of the members, and the necessary expenses of the board shall be paid out of the State treasury, on a requisition signed by the president and secretary of the board, and upon the warrant of the comptroller.

Sec. 1617. **CONDUCT OF EXAMINATIONS:** All examinations shall be conducted in writing, together with practical tests, when the majority of the board may deem necessary, in such manner as shall be entirely fair and impartial to all individuals and every school of medicine, the applicants being known by numbers, without names or other method of identification on examination papers by which members of the board may be able to identify such papers until after the applicants have been granted certificates or rejected. Upon satisfactory examination, under the rules of the board, applicants shall be granted certificates to practice medicine, homeopathy, osteopathy, chiropractic or chiropody. All certificates shall be attested by the signature and seal of the president and secretary of the board, respectively.

Sec. 1618. **EXEMPTIONS FROM EXAMINATION; EXCEPTIONS:** Nothing in this chapter shall be construed to affect commissioned or contract medical officers serving in the United States army, navy or public health and marine hospital service, while so commissioned and in the performance of their duties, but such shall not engage in private practice without license from the board of medical examiners of the State, and the board may issue certificates of qualification without examination to medical officers in the public service of the United States on presentation of satisfactory credentials, the fee for which shall be the same as for reciprocity. On the face of these certificates it must appear that they were issued pro forma, and without examination. This chapter shall not affect any person while actually serving without salary or professional fees on the resident medical staff of any legally incorporated hospital, or any legally registered dentist exclusively engaged in practicing dentistry; or any legally registered optometrist exclusively engaged in practicing optometry; or any non-itinerant person or manufacturer who fits artificial eyes, limbs or other apparatus or appliances; or any lawfully qualified practitioner from other States, territories or countries, meeting legally registered practitioners in this State in consultation, but who does not open offices or appoint places in this State where patients may be met or called to be seen; or to limit in any way the manufacture or sale of proprietary medicines by licensed druggists in this State; or to the furnishing of medical assistance in cases of emergency; or to the domestic administration of family remedies; or to the practice of the religious tenets of any church in the ministration to the sick or suffering by mental or spiritual means without the use of any drug or material remedy, whether gratuitously or for compensation, provided sanitary laws are complied with; or to affect or interfere in any way with the operation of any hospital now established in this State; or to any person while engaged in conducting such hospital now established, if there be a licensed practitioner resident or practicing therein; or to nurses who practice nursing only; or to masseurs, in their particular sphere of labor, who publicly represent themselves as such. This chapter shall be construed to apply to persons not pretending to be physicians, who offer for sale on the streets or other public places or leave gratuitously at residences, remedies which they recommend for the healing or curing of diseases. This chapter shall be construed to repeal all acts or parts of acts authorizing conferment of any degree in medicine causa honoris or ad cundam grandam or otherwise than on students duly graduated after satisfactory completion of a preliminary medical course, not less than that required by this chapter as a condition of license. It is further provided that graduates of any sectarian school of medicine who profess to practice medicine according to the tenets of said schools shall fulfill all the conditions of the board and of the State Board of Education, save that they may be exempted from taking the examination of the regulars on practice of medicine, materia medica and therapeutics. A license to practice such sectarian school of medicine shall not permit the holder thereof to administer drugs or practice surgery unless he has qualified himself so to do by examination before the board, nor shall it permit members of such sectarian schools now practicing in this State to perform surgery with the use of instruments unless they satisfy the board that they have had adequate clinical facilities at their respective colleges of graduation, or by hospital work, to enable them to perform such operations.

Sec. 1619. **DEFINITION OF CHIROPODY:** The word chiropody shall for the purpose of this chapter, include the term pediatrist, and be held to be the medical, mechanical or surgical treatment of the local ailments of the human hand or foot, except the correction of deformities through the use of the knife, amputation of the foot, hand, toes, fingers or incisions involving deep structures or the use of anaesthetics other than local.

Sec. 1620. (This section repealed by Laws of 1928, Ch. 515.)

Sec. 1621. EXAMINATION OF APPLICANTS TO PRACTICE CHIROPODY: All persons desiring to practice chiropody in this State from this date not now licensed, shall be examined by the State Board of Medical Examiners on the following subjects: anatomy and physiology of the feet, pathology, materia medica, therapeutics, chemistry, minor surgery, and bandaging, and shall submit evidence, verified by oath, to the board that they are twenty-one years of age or over, of good moral character, and have been graduated from a school of chiropody, or equivalent institution recognized by said board, having a minimum requirement of two scholastic years' course of at least eight months each. The educational requirements admitting persons to take examinations shall be equivalent to a grammar school and four years' high school course. The places at which examinations will be held and the dates thereof shall be fixed by the State Board of Medical Examiners. The fee charged for examination shall be twenty dollars. It shall be unlawful for any person to designate himself or his occupation by the use of any words or letters or trade diplomas calculated to lead others to believe that he is a chiropodist or foot specialist unless he is duly licensed as provided by law.

Sec. 1622. DEFINITION OF PRACTICE OF MEDICINE: Any person shall be regarded as practicing medicine within the meaning of this chapter (1) who opens an office for such purpose, or announces to the public in any way a readiness to practice medicine in any county or city of the State, or prescribe for, or give surgical assistance, diagnoses or treats, heals, cures, or relieves those suffering from injury or deformity or disease of mind or body, or advertises, or announces to the public in any manner a readiness or ability to heal, cure or relieve those who may be suffering from injury or deformity, or disease of mind or body for a compensation; (2) or who shall use in connection with his name the words of (sic) letters "Dr.," "Doctor," "Professor," "M.D." or "Healer," or any other title, word, letter or designation intending to imply or designate him as a practitioner of medicine in any of its branches, or of being able to heal, cure, or relieve those who may be suffering from injury or deformity or disease of mind or body. This section shall also apply to corporations.

Sec. 1623. PENALTIES: Any person practicing medicine, homeopathy, osteopathy, chiropractic or chiropody in this State in violation of the provisions of this chapter, shall, upon conviction thereof, be fined not less than fifty dollars nor more than five hundred dollars for each offense, and in addition may be imprisoned in the jail of the county or city in which convicted, for a term not exceeding six months, and for a second offense the punishment shall be a fine of not less than fifty dollars, or more than five hundred dollars and imprisonment of not less than thirty days nor more than one hundred and eighty days, and each day of such violation shall constitute a separate offense; and in no case shall the violator be entitled to recover anything for the services rendered. It shall be the duty of the clerk of the circuit court of the county or the clerk of the corporation court of the city wherein such conviction is had, to report the fact of the same to the board of medical examiners, who shall thereupon annul the license of the person convicted, if said person was a licensed practitioner.

. . . .

Sec. 1639. DIVISION OF FEES BETWEEN PHYSICIANS AND SURGEONS PROHIBITED; PENALTY: No surgeon or physician shall directly or indirectly share any fee charged for a surgical operation or medical services with a physician who brings, sends or recommends a patient to such surgeons for such operation, or such physician for such medical services; and no physician who brings, sends or recommends any patient to a surgeon for a surgical operation or medical services shall accept from such surgeon or physician any portion of a fee charged for such operation. Sec. 10008. LICENSE; QUALIFICATION THEREFOR: Only one form of certificate shall be issued by the said board. Such certificate shall be under the seal of the board and signed by the president and secretary, and shall authorize the holder thereof to practice medicine and surgery within this state. Upon compliance with the requirements of this act by an applicant for a license to practice medicine and surgery in this state, the board shall issue such certificate, authorizing the holder thereof to use drugs or what are known as medicinal preparations in or upon human beings and to sever or penetrate the tissues of human beings and to use any and all other methods in the treatment of diseases, injuries, deformities, or other physical or mental conditions. He shall furnish evidence that he has had some experience in, and a practical working knowlege of pathology, and the administration of anesthetics: Provided, That when an applicant who has graduated before July 1, 1919, has not completed one year as intern as above provided, he must furnish evidence that he has been engaged in the active practice of medicine and surgery for a period of at least two years prior to that date. The said application shall be made upon a blank furnished by said board, and it shall contain such information concerning said medical instruction and the preliminary education of the applicant as said board may by rule provide. Applicants who have failed to meet the requirements must be rejected.

Sec. 10009. EXAMINATION: In addition to the requirements above set forth, such applicants for a certificate must be personally examined by said board as to their qualifications. The examination shall be conducted in the English language, shall be practical in character and designed to discover the applicant's fitness to practice medicine and surgery, and shall be, in whole or in part, in writing on the following fundamental subjects, to-wit: Anatomy, histology, gynecology, pathology, bacteriology, chemistry, toxicology, physiology, obstetrics, general diagnosis, hygiene, practice of medicine and surgery and any other branches thereof that the board shall deem advisable. Examinations in each subject shall consist of not less than ten questions, answers to which shall be marked upon a scale of zero to ten. All applicants must obtain not less than sixty per cent in any one subject: Provided, that applicants who can show at least ten years of reputable practice shall be granted a credit of five per cent. upon the general average, and five per cent. additional for each subsequent ten years of such practice. The examination papers shall form a part of the records of the board and shall be kept on file by the secretary for a period of one year after each examination. In said examination the applicant shall be known and designated by number only, and the name attached to the number shall be kept secret until after the board has finally voted upon the application.

Sec. 10010. EXAMINATION FEE: Each applicant, on making application, shall pay the secretary of the board a fee of $25, which shall be turned over to the treasurer of the board, who shall retain $15 for the fee in his possession until the board shall have passed on the credentials of the applicant, and in case they are insufficient the sum of $15 shall be returned upon application. [See Sec. 10858]

Sec. 10011. RECORDS OF BOARD. Such board shall keep an official record of all its proceedings, a part of which record shall consist of a register of all applicants for certificates under this act, with the result of each application. Said record shall be evidence of all the proceedings of said board which are set forth therein. [See Sec. 10897]

Sec. 10012. RECORDING LICENSE: Every person holding a certificate authorizing him to practice medicine and surgery in this state, must have it recorded in the office of the county clerk of the county in which the holder of said certificate is practicing his profession, and the fact of such recording shall be indorsed on the certificate by the county clerk recording the same. Every such person, on each change of his residence, must have the certificate recorded in the county to which he shall have changed his residence. The absence of such record shall be prima facie evidence of the want of possession of such certificate. And any person holding a certificate to practice medicine and surgery in this state who shall attempt to practice medicine or surgery in this state, without first having filed his certificate with the county clerk as herein provided shall be guilty of a misdemeanor.

Sec. 10013. COUNTY RECORD: The county clerk shall keep in a book provided for the purpose, a complete list of the certificates recorded by him, with the date of the record: and said book shall be open to public inspection during his office hours. The county clerk shall forthwith give written notice to the secretary of the board, notifying him of the name of each licensee recorded after this act shall go into effect, together with the date of such recording.

Sec. 10014. REFUSAL AND REVOKING OF LICENSE: Said board must refuse a certificate to any applicant guilty of unprofessional conduct; but before such refusal the applicant must be cited by citation, signed by the secretary of the board, and sealed with its seal. No such citation shall be issued except upon a sworn complaint filed with the secretary of the board, charging the applicant with having been guilty of unprofessional conduct, and setting forth the particlar act constituting such unprofessional conduct. On filing of such complaint the secretary must forthwith issue a citation and make the same returnable at a regular or special meeting of said board, occurring at least thirty days next after filing the complaint. Such citation shall notify the applicant of the time and place when and where the matter of said unprofessional conduct shall be heard, the particular unprofessional conduct with which the applicant is charged, and that the applicant shall file his written answer, under oath, within twenty days next after service upon him of said citation, or default will be taken against him, and his application for certificate refused. The attendance of witnesses at such hearing shall be compelled by subpoenas issued by the secretary of the board under its seal; and said secretary shall in no case refuse to issue any such subpoena, upon a fee of twenty cents being paid him for each subpoena. Said citation and said subpoenas shall be served in accordance with the statutes of this state then in force as to the service of summons and subpoenas generally and all provisions of the statutes of this state then in force relating to subpoenas are hereby made applicable to the subpoenas provided for herein. If any person refuses to obey a subpoena served upon him in accordance with the statutes of this state then in force providing for the manner of serving subpoenas, the fact of such refusal shall be certified by the secretary of said board, under the seal thereof, to the superior court of the county in which the service was had and the said court shall thereupon proceed to hear said matter in accordance with the statutes of this state then in force as to contempt for disobedience of process of the court, and should said court find that the subpoena had been legally served and that the party so served has wilfully disobeyed the same, it shall proceed to impose such penalty as provided in cases of contempt of court. In all cases of alleged unprofessional conduct arising under this act, testimonies of witnesses may be taken, the same as in civil cases, and all the provisions of the statutes of this state then in force as to the taking of testimony, are hereby made applicable to the taking of depositions under this section. If the applicant shall fail to file with the secretary of said board his answer, under oath, to the charges made against him, within twenty days after service on him of said citation or within such further time as the board may give him, and the charges on their face be deemed sufficient by the board, default shall be entered against him and his application refused. If the charges on their face be deemed sufficient by the board, and issue be joined thereon by answer, the board shall proceed to determine the matter, and to that end shall hear such evidence as may be adduced before it; and if it appear to the satisfaction of the board that the applicant is guilty as charged, no certificate shall be issued to him. No certificate shall be refused on the grounds of unprofessional conduct unless the applicant has been guilty of such conduct within two years next preceding his application. Whenever any holder of a certificate to practice medicine and surgery in this state is guilty of unprofessional conduct, as the same is defined in this act, and said unprofessional conduct has been brought to the attention of the board in the manner hereinafter pointed out, or whenever a certificate has been procured by fraud or misrepresentation, or issued by mistake, it shall be their duty to, and they must, revoke the same at once, and the holder of said certificate shall not be permitted to practice medicine and surgery in this state. But no such revocation shall be made unless such holder is cited to appear and the same proceedings are had as is hereinbefore provided in this section in case of refusal to issue certificates. Said secretary in all cases of revocation shall enter on his register the fact of such revocation and shall certify the fact of such revocation under the seal of the board, to the county clerk of each county in which the certificate of the person whose certificate has been revoked is recorded; and said clerk must thereupon write upon the margin or across the face of his register of the certificate of such person, the following: "This certificate was revoked on the————————day of————————," giving the day, month and year of revocation in accordance with certification to him by the secretary. The record of such revocation so made by said county clerk shall be prima facie evidence of the fact thereof, and of the regularity of all the proceedings of said board in the matter of said revocation. From the time of the revocation of a certificate the holder thereof shall be disqualified from practicing medicine or surgery in this state.

Sec. 10015. ACTS CONSTITUTING UNPROFESSIONAL CONDUCT: The words "unprofessional conduct," as used in this chapter, are hereby declared to mean:

First. The procuring, or aiding or abetting in procuring a criminal abortion.

Second. The wilfully betraying of a professional secret.

Third. All advertising of medical business which is intended or has a tendency to deceive the public or impose upon credulous or ignorant persons, and so be harmful or injurious to public morals or safety.

Fourth. All advertising of any medicine or of any means whereby the monthly periods of women can be regulated or the menses reestablished if suppressed.

Fifth. Conviction of any offense involving moral turpitude, in which case the record of such conviction shall be conclusive evidence.

Sixth. Habitual intemperance.

Seventh. The personation of another licensed practitioner.

Eighth. Wrongfully encouraging or conspiring with any person to bring, or cause to be brought, any action in any court against any licensed practitioner for alleged malpractice, or agreeing with any person for a share or part of any sum of money to be recovered in such action: Provided, that nothing herein shall be construed to prevent any licensed practitioner from testifying against any other licensed practitioner in any action for alleged malpractice.

Sec. 10016. REASONS FOR REVOCATION FILED: In any case of the refusal or revocation of a license by said board under the provisions of this chapter, said board shall file a brief and concise statement of the grounds and reasons for such refusal or revocation in the office of the secretary of said board, which said statement, together with the decision of said board, in writing, shall remain of [on] record in said office.

Sec. 10017. APPEAL FROM ORDER OF BOARD—NOTICE, BOND, etc.: In any case of the refusal or revocation of a license by said board under the provisions of this act, the applicant whose application shall be so refused, and the licentiate whose license shall be so revoked by said board, shall have the right to appeal from the decision so refusing or revoking such license within thirty days after the filing of such decision in the office of the secretary of said board, as hereinbefore in this chapter provided. Such appeal shall be to the superior court in and for the county in which was held the last general meeting of said board, prior to the refusal of such license, in the case of such refusal; and to the superior court in and for the county in which the hearing was had upon which such license was revoked, in case of such revocation. In any case a person desiring to take such appeal shall serve or cause to be served, upon the secretary of said board, a written notice of such appeal, which shall contain a statement of the grounds of such appeal, and shall file in the office of such secretary an appeal bond, with good and sufficient surety, to be approved by said secretary, to the state of Washington, conditioned for the speedy prosecution of such appeal, and the payment of such cost as may be adjudged against him upon such appeal. Said secretary shall within ten (10) days after the service of said notice of appeal, and the filing and approval of said appeal bond, transmit to the clerk of the superior court to which such appeal is taken, a certified copy, under the seal of said board, of the decision of said board, and the grounds thereof in the case of the refusal of the license; and in addition thereto, a certified copy under such seal of the complaint in the case of the revocation of a license, together with the bond and notice of appeal. The clerk of such court shall thereupon docket such appeal causes, and they shall stand for trial in all respects as ordinary civil actions, and like proceedings be had thereon. Upon such appeal said cause shall be tried de novo. Either party may appeal from the judgment of said superior court to the supreme court of the state in like manner as in civil actions within sixty (60) days after the rendition and entry of such judgment in said superior court. If such judgment shall be in favor of the party appealing from the decision of said board, and in case said examining board does not appeal from said judgment within said sixty (60) days, then, and in that case, said board shall, at the end of said sixty (60) days, and immediately upon the expiration thereof, issue to such successful party the usual license to practice medicine and surgery in this state, and in addition thereto, shall reinstate upon the records of said board the name of such successful applicant, in case of the revocation of his license by such board. In case of such appeal to the supreme court by said board, no such license shall be issued nor reinstatement be required until the final determination of said cause, and as hereinafter provided. In case the final decision of the supreme court be against said medical examining board, then, and in that case, said court shall make such order in the premises as may be necessary, and said board shall act accordingly: Provided, that in no case shall an appeal bond be required of said board, nor shall any costs be adjudged or taxed against the same.

Sec. 10018. PRACTICE OF MEDICINE DEFINED: Any person who shall practice or attempt to practice, or hold himself out as practicing medicine and surgery in this state, without having, at the time of so doing, a valid, unrevoked certificate as provided in this act, shall be guilty of a misdemeanor. In each such conviction the fine shall be paid, when collected, to the state treasurer, and shall constitute a special fund for the prosecution of illegal practitioners as defined in this act, and the said board is authorized to prosecute all persons guilty of a violation of the provisions of this act.

Sec. 10019. FALSE PERSONATION, A FELONY: Every person filing for record, or attempting to file for record, the certificate issued to another, falsely claiming himself to be the person named in such certificate, or falsely claiming himself to be the person entitled to the same, shall be guilty of a felony, and, upon conviction thereof, shall be subject to such penalties as are provided by the laws of this state for the crime of forgery.

Sec. 10020. PENALTIES: Any person assuming to act as a member of the state board of medical examiners without so being, or who shall sign, or subscribe, or issue, or cause to be issued, or seal, or cause to be sealed, a certificate authorizing any person to practice medicine or surgery in this state, shall be guilty of a misdemeanor.

Sec. 10021. CONTINUATION OF OLD LICENSES: Any person who holds a license authorizing him to practice medicine and surgery from the board of medical examiners heretofore existing, under the provisions of any laws of this state, past or present, shall be entitled to practice medicine and surgery in this state the same as if issued under this act; and said board is hereby authorized to issue under proper application, but without examination, certificates to practice medicine and surgery to any person who was legally practicing medicine and surgery in this state prior to the organization of the first board of medical examiners in 1890, and also to any person who is the legal holder of a certificate of examination from the National Medical Examining Board: Provided, however, that all licenses herein mentioned may be revoked for unprofessional conduct, in the same manner and upon the same grounds as if issued under this act.

Sec. 10022. LAWS TO BE OBSERVED: All persons granted licenses or certificates under this chapter, shall be subject to the state and municipal regulations relating to the control of contagious diseases, the reporting and certifying to births and deaths, and all matters pertaining to public health; and all such reports shall be accepted as legal.

Sec. 10023. RECIPROCITY: Applicants for a certificate, who have been examined and licensed by a state board of medical examiners of another state, which through a reciprocity provision in its law, similarly accredits the holders of certificates from the board of medical examiners of this state to the full privileges of practice within its borders, on payment of a fee of $25.00 to the board, and on filing with the secretary of the board a copy of such license certified by the president or secretary of the state board of medical examiners issuing the same to be a full, true copy thereof, and showing also that the standard of requirements adopted by such state board of medical examiners as provided by the law of such state is equal to that provided for by the provisions of this act, shall without further examinations receive a certificate to practice medicine and surgery in this state: Provided, that such applicant has not previously failed at an examination held by the board of medical examiners of this state.

Sec. 10024. EXEMPTIONS: Nothing in this act shall be construed to prohibit service in the case of emergency, or the domestic administration of family remedies, or the practice of midwifery; nor shall this act apply to any commissioned medical officer in the United States army, navy or marine hospital service, in the discharge of his official duties; nor to any licensed dentist when engaged exclusively in the practice of dentistry; nor shall this act apply to any practitioner from any other state or territory in which he resides: Provided, that such practitioner shall not open an office or appoint a place of meeting patients or receive calls within the limits of this state. This act shall not be construed to apply in any manner to the practice of osteopathy or to any drugless method of treating the sick or afflicted, or to apply to or interfere in any way with the practice of religion or any kind of treatment by prayer; nor to any person now holding a license from the state board of medical examiners for any system of drugless practice.

Sec. 10025. "CERTIFICATE" AND "LICENSE" SAME: The words "certificate" and "license" shall be known as interchangeable terms in this chapter.
